NON-GAAP FINANCIAL MEASURES

This supplemental information package presents funds from operations, net operating income, adjusted EBITDA, adjusted funds from operations and same store net operating income, which are standard REIT industry financial measures that are not calculated in accordance with generally accepted accounting principles ("GAAP"). Please see [page 28](#) for a definition of these supplemental performance measures, which are denoted with endnote (A). Please see the Statements of Operations Reconciliation for a reconciliation of Net Income Available to First Industrial Realty Trust, Inc.'s Common Stockholders and Participating Securities to the non-GAAP financial measures.

FORWARD-LOOKING STATEMENTS

This supplemental information may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934. We intend for such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are based on certain assumptions and describe our future plans, strategies and expectations, and are generally identifiable by use of the words "believe," "expect," "plan," "intend," "anticipate," "estimate," "project," "seek," "target," "potential," "focus," "may," "will," "should" or similar words. Although we believe the expectations reflected in forward-looking statements are based upon reasonable assumptions, we can give no assurance that our expectations will be attained or that results will not materially differ. Factors that could have a materially adverse effect on our operations and future prospects include, but are not limited to: changes in national, international, regional and local economic conditions generally and real estate markets specifically; changes in legislation/regulation (including changes to laws governing the taxation of real estate investment trusts) and actions of regulatory authorities; our ability to qualify and maintain our status as a real estate investment trust; the availability and attractiveness of financing (including both public and private capital) and changes in interest rates; the availability and attractiveness of terms of additional debt repurchases; our ability to retain our credit agency ratings; our ability to comply with applicable financial covenants; our competitive environment; changes in supply, demand and valuation of industrial properties and land in our current and potential market areas; our ability to identify, acquire, develop and/or manage properties on favorable terms; our ability to dispose of properties on favorable terms; our ability to manage the integration of properties we acquire; potential liability relating to environmental matters; defaults on or non-renewal of leases by our tenants; decreased rental rates or increased vacancy rates; higher-than-expected real estate construction costs and delays in development or lease-up schedules; the uncertainty and economic impact of pandemics, epidemics or other public health emergencies or fear of such events; risks associated with security breaches through cyber attacks, cyber intrusions or otherwise, as well as other significant disruptions of our information technology networks and related systems; potential natural disasters and other potentially catastrophic events such as acts of war and/or terrorism; technological developments, particularly those affecting supply chains and logistics; litigation, including costs associated with prosecuting or defending claims and any adverse outcomes; risks associated with our investments in joint ventures, including our lack of sole decision-making authority; and other risks and uncertainties described under the heading "Risk Factors" and elsewhere in our annual report on Form 10-K for the year ended December 31, 2023, as well as those risks and uncertainties discussed from time to time in our other Exchange Act reports and in our other public filings with the Securities and Exchange Commission (the "SEC"). We caution you not to place undue reliance on forward-looking statements, which reflect our outlook only and speak only as of the date of this supplemental information or the dates indicated in the statements. We assume no obligation to update or supplement forward-looking statements. For further information on these and other factors that could impact us and the statements contained herein, reference should be made to our filings with the SEC.

⁽¹⁾ Tenant recovery revenue is included in Lease Revenue in the GAAP Statements of Operations. In the Supplemental Statements of Operations, tenant recovery revenue is included in Tenant Recoveries and Other Revenue, Including Joint Venture Fees, Net.

⁽²⁾ Gain on Sale of Real Estate from Joint Venture for the three and six months ended June 30, 2024, includes incentive fees of \$36 and \$74, respectively. Gain on Sale of Real Estate from Joint Venture for the three and six months ended June 30, 2023, includes incentive fees of \$8 and \$8,053, respectively. Our interest in the joint venture is held through a partnership with a third party that is consolidated within our financial statements. Accordingly, the Gain on Sale of Real Estate from Joint Venture activity includes the third-party's interest.

⁽³⁾ Since our interest in the joint venture is held through a partnership with a third party that is consolidated within our financial statements, an adjustment is included to eliminate the third-party's share of FFO.

⁽⁴⁾ Equity in FFO from Joint Venture for the three and six months ended June 30, 2024, includes incentive fees net of noncontrolling interest of \$414 and \$738, respectively. Equity in FFO from Joint Venture for the three and six months ended June 30, 2023, includes incentive fees net of noncontrolling interest of \$358.

⁽⁵⁾ Pursuant to the Company's calculation of FFO, the Company adjusts the income tax provision to exclude the portion of the provision that relates to gain on sale of real estate, including joint venture and joint venture incentive fees, as well as depreciation and other amortization of real estate in the joint venture as these categories are also excluded from the calculation of FFO.

⁽¹⁾ Debt balances have been adjusted to remove debt issuance costs, net, as applicable.

⁽²⁾ Mortgage Loan Payable consists of one first mortgage loan with a coupon rate of 4.17%, matures in August 2028 and is collateralized by three properties.

⁽³⁾ The unsecured line of credit consists of a \$750,000 unsecured revolving credit facility (the "Unsecured Credit Facility"). The Unsecured Credit Facility matures in July 2025, and has two, six-month extension options, at our election. Borrowings under the Unsecured Credit Facility bear interest at SOFR plus a credit spread which is currently 0.775% plus a SOFR adjustment of 0.10%. The credit spread is subject to adjustment based on our leverage and investment grade ratings.

⁽⁴⁾ Unsecured Term Loans are comprised of a \$300,000 unsecured term loan (the "\$300M TL"), a \$200,000 unsecured term loan (the "\$200M TL") and a \$425,000 unsecured term loan (the "\$425M TL"), each of which were entered into with a syndicate of financial institutions (the "Unsecured Term Loans"). The Unsecured Term Loans require interest-only payments and bear interest at a variable rate.

The interest rate on the \$300M TL is based on SOFR plus a specified spread based on our leverage ratio and credit ratings, which is currently 0.85% ("Credit Spread") plus a SOFR adjustment of 0.10% ("SOFR Adjustment"). We have interest rate swaps, with an aggregate notional value of \$300,000, that effectively fix the \$300M TL's SOFR rate that resulted in an all-in interest rate of 4.88% at June 30, 2024. The \$300M TL matures in August 2025, and has two, one-year extension options at our election and the related interest rate swaps mature in December 2025 (\$150,000 notional) and August 2027 (\$150,000 notional).

The interest rate on the \$200M TL is based on SOFR plus the Credit Spread plus the SOFR Adjustment. We have interest rate swaps, with an aggregate notional value of \$200,000, that effectively fix the \$200M TL's SOFR rate that resulted in an all-in interest rate of 1.82% at June 30, 2024. The \$200M TL matures in July 2026 and the related interest rate swaps mature in February 2026.

The interest rate on the \$425M TL is based on SOFR plus the Credit Spread plus the SOFR Adjustment. We have interest rate swaps, with an aggregate notional value of \$425,000, that effectively fix the \$425M TL's SOFR rate that resulted in an all-in interest rate of 3.64% at June 30, 2024. The \$425M TL matures in October 2027 and the related interest rate swaps mature in September 2027.

The Credit Spread is subject to adjustment based on our leverage and investment grade ratings. Weighted average coupon interest rates reflected in the table above includes the current swapped rates for the Unsecured Term Loans.

⁽⁵⁾ Senior Unsecured Notes include \$950,000 of private placement notes with the following terms:

- \$125,000 ten-year notes with a rate of 4.30%, matures in April 2027;
- \$150,000 ten-year notes with a rate of 3.86%, matures in February 2028;
- \$75,000 twelve-year notes with a rate of 4.40%, matures in April 2029;
- \$150,000 ten-year notes with a rate of 3.97%, matures in July 2029;
- \$150,000 twelve-year notes with a rate of 3.96%, matures in February 2030;
- \$100,000 ten-year notes with a rate of 2.74%, matures in September 2030; and
- \$200,000 twelve-year notes with a rate of 2.84%, matures in September 2032.

The remaining \$48,571 includes our senior unsecured bonds, with maturity dates ranging from May 2027 to April 2032.

⁽⁶⁾ Cash and Cash Equivalents is adjusted to remove the portion that is owned by a third-party minority partner in connection with the Camelback 303 joint venture.

⁽⁷⁾ Weighted average maturity includes the Unsecured Term Loans, Senior Unsecured Notes and Mortgage Loan Payable, and excludes the Unsecured Credit Facility. The two, one-year extension options are assumed for the \$300,000 unsecured term loan.

⁽⁸⁾ Payments by year as of June 30, 2024. The debt maturity schedule reflects the maturity dates and amounts with respect to principal and scheduled amortization payments. The schedule excludes discounts and debt issuance costs.

Acquired properties with tenants that we anticipate will move out within the first two years of ownership are placed in service upon the earlier of reaching 90% occupancy or twelve months after move out. Acquired properties with less than 75% occupancy on the date of acquisition are placed in service upon the earlier of reaching 90% occupancy or twelve months from the acquisition date. Developments, redevelopments (generally projects which require capital expenditures exceeding 25% of the gross cost basis) and acquired income-producing land parcels for which our ultimate intent is to redevelop or develop on the land parcel are placed in service upon the earlier of reaching 90% occupancy or one year subsequent to development/redevelopment construction completion.

At June 30, 2024, the Same Store Pool is comprised of 395 properties, containing an aggregate of 61,370,283 square feet, which is 93% of our in-service square footage.

⁽¹⁾ We consider cash basis same store NOI ("SS NOI") to be a useful supplemental measure of our operating performance. Same store properties include all properties owned prior to January 1, 2023 and held as an in service property through the end of the current reporting period (including certain income-producing land parcels), and developments and redevelopments that were placed in service prior to January 1, 2023 (the "Same Store Pool"). Properties which are at least 75% occupied at acquisition are placed in service, unless we anticipate tenant move-outs within two years of ownership would drop occupancy below 75%. Properties acquired with occupancy greater than 75% at acquisition, but with tenants that we anticipate will move out within two years of ownership, will be placed in service upon the earlier of reaching 90% occupancy or twelve months after move out. Properties acquired that are less than 75% occupied at the date of acquisition are placed in service as they reach the earlier of reaching 90% occupancy or one year subsequent to acquisition. Developments, redevelopments and acquired income-producing land parcels for which our ultimate intent is to redevelop or develop on the land parcel are placed in service as they reach the earlier of 90% occupancy or one year subsequent to development/redevelopment construction completion.

We define SS NOI as NOI, less NOI of properties not in the Same Store Pool, less the impact of straight-line rent, the amortization of above (below) market rent and the impact of lease termination fees. We exclude lease termination fees, straight-line rent and above (below) market rent in calculating SS NOI because we believe it provides a better measure of actual cash basis rental growth for a year-over-year comparison. In addition, we believe that SS NOI helps the investing public compare the operating performance of a company's real estate as compared to other companies. While SS NOI is a relevant and widely used measure of operating performance of real estate investment trusts, it does not represent cash flow from operations or net income as defined by GAAP and should not be considered as an alternative to those measures in evaluating our liquidity or operating performance. SS NOI also does not reflect general and administrative expense, interest expense, depreciation and amortization, income tax benefit and expense, gains and losses on the sale of real estate, equity in income or loss from joint venture, joint venture fees, joint venture development services expense, capital expenditures and leasing costs. Further, our computation of SS NOI may not be comparable to that of other real estate companies, as they may use different methodologies for calculating SS NOI.

⁽²⁾ Same store revenues for the six months ended June 30, 2023 exclude \$2,934 related to accelerated recognition of a tenant improvement reimbursement associated with a departing tenant in Dallas.

⁽¹⁾ Current Quarter Rent Revenue % excludes rent revenue from properties sold in Q2 2024.

⁽²⁾ The in service occupancy rates of Central Florida, Central/Eastern Pennsylvania, Chicago, Denver, and Seattle would have been 97.0%, 100%, 100%, 99.8%, and 100% as of June 30, 2024, respectively, excluding the impact of developments placed in service in these markets in the second half of 2023 and the first half of 2024. The Company's overall in service occupancy would have been 97.3% excluding these developments.

⁽³⁾ Annualized net rental income per average occupied square foot is based on multiplying the current net rent by twelve and dividing by the average occupied GLA. This is used as a benchmark and does not necessarily reflect increases or decreases in NOI.

⁽⁴⁾ Central/Eastern Pennsylvania includes the markets of Central Pennsylvania and Philadelphia. Denver includes one property in Salt Lake City. New Jersey includes the markets of Northern and Central New Jersey. Southern California includes the markets of Los Angeles, the Inland Empire and San Diego.

⁽⁵⁾ The Current Quarter Rent Revenue % for the Southern California submarkets of Los Angeles, Inland Empire East, Inland Empire West and San Diego is 8.5%, 6.4%, 6.3%, and 3.2%, respectively.

⁽¹⁾ Rollover statistics reflect expiration dates on all leases executed through June 30, 2024. Excludes June 30, 2024 move-outs of 425,391 square feet. Leases which rollover the first day of a calendar year are included in the respective year.

⁽²⁾ Expiring net rent is annualized as of the end of the current reporting period.

⁽³⁾ Rent from income-producing land parcels is excluded from the schedule; inclusion would increase Annualized Net Rent Under Expiring Leases and the Percentage of Total Annualized Net Rent Expiring by \$0.3 million and 0.1% in 2024, \$0.7 million and 0.1% in 2025, \$4.5 million and 0.9% in 2026, \$0.8 million and 0.2% in 2027, and \$15.7 million and 3.4% in 2028.

⁽⁴⁾ We have signed leases which were originally due to expire in 2024 totaling 7.1 million square feet and 7.9% of net rent. These are excluded from 2024 expirations and are reflected in the new year of expiration.

⁽¹⁾ Stabilized average expected cap rate of developments represents the expected stabilized cash yield (stabilized cash NOI divided by the total expected GAAP investment). Straight-line rents are not included in cash NOI. Expected profit margin is updated as of June 30, 2024.

⁽²⁾ Percentage leased is calculated as of the press release date, July 17, 2024.

⁽³⁾ Excludes the development of three buildings totaling 1,755,043 square feet located in Glendale, AZ with an estimated investment of \$224.0 million, all of which are owned by a joint venture in which we hold a 43% interest. The stabilized expected cap rate of the project is approximately 7.0%. The 375,660 square-foot building was completed in Q2 2024 and is 100% occupied by two tenants. The 420,536 square-foot building was completed in Q2 2024 and is 100% occupied by a single tenant. The 958,847 square-foot building is expected to be completed in Q3 2024. The overall project is 79% funded as of June 30, 2024. In connection with the project, the joint venture entered into a construction loan with a capacity of \$149.5 million that matures on July 29, 2025. As of June 30, 2024, the construction loan balance was \$119.6 million, excluding debt issuance costs.

⁽⁴⁾ The Estimated Investment for First State Crossing excludes \$14.0 million of supplemental tenant improvements requested by the tenant, all of which still needs to be funded as of June 30, 2024. The supplemental tenant improvements are being reimbursed by the tenant as additional rent, which has been excluded from the calculation of the Stabilized Average Expected Cap Rate. Inclusion of the supplemental tenant improvement work and additional rent would result in a higher Stabilized Average Expected Cap Rate.

⁽⁵⁾ As part of its risk management policy, the company employs an \$800 million cap on the aggregate amount of estimated committed investment related to acquisitions and developments that are not fully leased ("Speculative Leasing Cap" or "Cap") and is subject to change. The amount available for potential new investment under the Cap is adjusted proportionately as these investments are leased, either in part or in whole, and/or as new investments with required lease-up are announced. In addition to the development-related information above, the acquisition of 13484 Colombard Court, which is a land parcel acquired in 2022 for redevelopment, is also included.

⁽¹⁾ Developable land area represents land acquired for future development. The developable GLA is based on the developable land area and a parcel by parcel estimate of the land to building ratio. Useable land area and developable/expandable GLA are estimated and can change periodically due to changes in the site design, road and storm water requirements, trailer parking, staging areas, type of building, condemnation, etc. Actual build out can be influenced by a number of factors including renegotiations with existing tenants, negotiations with new tenants, and in certain instances, zoning restrictions, assessments of market conditions and physical constraints for development.

⁽²⁾ Does not include 170.6 acres of usable land in Phoenix, 100 acres ("Phoenix Land") which is owned and 70.6 acres which is held in a joint venture for which we own a 43% interest ("JV Land"). The Phoenix Land and the JV Land have a total developable GLA of approximately 1.7 million and 1.0 million square feet, respectively. The Phoenix Land is subject to a 5-year ground lease that commenced on September 22, 2023 and provides for monthly rent of \$567 thousand. The JV Land is subject to a 24-month ground lease that commenced on March 30, 2023 and provides for monthly rent of \$459 thousand to the joint venture. Both the Phoenix Land and the JV Land provide the respective lessee with an option to purchase.

- (1) Represents quarterly NOI from [page 6](#), excluding interest income of \$551 earned on cash and cash equivalents. Quarterly NOI includes ground lease revenue from a 100-acre land parcel located in our Phoenix market "Phoenix Land." The Phoenix Land has a five-year term, with a purchase option commencing at the beginning of year three. The lease commenced on September 22, 2023 with monthly rent of \$567 (see [page 23](#), footnote (2) for additional information).
- (2) Adjustment reflects the potential NOI impact of leasing the in service portfolio to an average daily occupancy of 97.0%. This will add NOI when average daily occupancy is below 97.0% and subtract from NOI when average daily occupancy is above 97.0%.
- (3) Adjustment reflects the NOI for any developments placed in service or acquisitions placed in service during the quarter, net of a deduction for the NOI realized from any properties that were sold during the quarter or included in our developable site inventory. See [page 19](#) for acquisitions completed, [page 22](#) for developments placed in service and [page 24](#) for sales consummated during the quarter.
- (4) Adjustment reflects potential additional NOI impact of leasing completed developments not in service to 100% occupancy. See [page 21](#) for a list of completed developments not in service.
- (5) Adjustment reflects potential additional NOI impact of leasing acquisitions and redevelopments not in service to 100% occupancy. As of June 30, 2024, acquisitions and redevelopments not in service includes the 2022 acquisition of 13484 Colombard Court (see [page 21](#), footnote (4) for additional information).
- (6) Our interest in the Camelback 303 joint venture is held through a partnership with a third party. We consolidate the partnership on our balance sheet. As a result, the investment in joint venture and cash and cash equivalents balances are adjusted to remove the portion that is owned by a third-party minority partner.

	2024 Estimate			
	Current Guidance			
	Low End of Guidance for 2024 (Per Share/Unit)		High End of Guidance for 2024 (Per Share/Unit)	
Net Income Available to Common Stockholders	\$	1.94	\$	2.02
Add: Depreciation and Other Amortization of Real Estate (Including Joint Venture)		1.30		1.30
Less: Gain on Sale of Real Estate, Net of Allocable Income Tax Provision (Including Joint Venture) and Net of Joint Venture Noncontrolling Interest, Through July 17, 2024		(0.67)		(0.67)
Funds From Operations - FFO (NAREIT)^{(A) (2)}	\$	2.57	\$	2.65

2024 NAREIT FFO per share/unit guidance is impacted by \$0.02 per share/unit of accelerated expense related to an accounting rule that requires the Company to fully expense the value of granted equity-based compensation for certain tenured employees. Excluding this impact, the range of our FFO guidance is \$2.59 to \$2.67 per share/unit with a midpoint of \$2.63.⁽¹⁾

ASSUMPTIONS: ⁽²⁾	Low		High	
	Average Quarter-End In Service Occupancy		95.75%	
Annual Same Store NOI Growth - Cash Basis Before Termination Fees ⁽³⁾		7.25%		8.25%
General and Administrative Expense (in millions) ⁽⁴⁾	\$	39.5	\$	40.5
Capitalized Interest (per share)	\$	0.05	\$	0.05

⁽¹⁾ We believe that providing modified FFO, which excludes certain infrequent items, is a useful supplemental measure of operating performance because investors may use this measure to help compare the operating performance of the Company between periods or other REITs on a consistent basis.

⁽²⁾ Guidance includes the impact of:

- the third quarter sale of seven buildings totaling 445,000 square feet in New Jersey for \$81.8 million.

Guidance does not include the impact of:

- any future debt repurchases prior to maturity or future debt issuances,
- any future investments or property sales,
- any future development starts except the incremental costs expected in 2024 related to the Company's completed and under construction developments as of June 30, 2024, or
- any future equity issuances.

⁽³⁾ Excludes \$2.9 million of income related to the accelerated recognition of a tenant improvement reimbursement in the first quarter of 2023.

⁽⁴⁾ Includes approximately \$3.0 million of accelerated expense related to an accounting rule that requires the Company to fully expense the value of granted equity-based compensation for certain tenured employees.

DEFINITIONS OF NON-GAAP FINANCIAL MEASURES

^(A) Investors in, and analysts following, the real estate industry utilize funds from operations ("FFO"), net operating income ("NOI"), adjusted EBITDA and adjusted funds from operations ("AFFO"), variously defined below, as supplemental performance measures. While we believe net income available to First Industrial Realty Trust, Inc.'s common stockholders and participating securities, as defined by GAAP, is the most appropriate measure, we consider FFO, NOI, adjusted EBITDA and AFFO, given their wide use by, and relevance to investors and analysts, appropriate supplemental performance measures. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets. NOI provides a measure of rental operations, and does not factor in depreciation and amortization and non-property specific expenses such as general and administrative expenses. Adjusted EBITDA provides a tool to further evaluate the ability to incur and service debt and to fund dividends and other cash needs. AFFO provides a tool to further evaluate the ability to fund dividends. In addition, FFO, NOI, adjusted EBITDA and AFFO are commonly used in various ratios, pricing multiples/yields and returns and valuation calculations used to measure financial position, performance and value.

In accordance with the NAREIT definition of FFO, we calculate FFO to be equal to net income available to First Industrial Realty Trust, Inc.'s common stockholders and participating securities, plus depreciation and other amortization of real estate, plus impairment of real estate, minus gain or plus loss on sale of real estate, net of any income tax provision or benefit associated with the sale of real estate. We also exclude the same adjustments from our share of net income from an unconsolidated joint venture.

NOI is defined as our revenues, minus property expenses such as real estate taxes, repairs and maintenance, property management, utilities, insurance and other expenses.

Adjusted EBITDA is defined as NOI and the equity in FFO from our investment in joint venture, net of noncontrolling interest minus general and administrative expenses.

AFFO is defined as adjusted EBITDA minus interest expense, minus capitalized interest and overhead, plus amortization of debt discounts and hedge costs, minus straight-line rent, amortization of above (below) market leases and lease inducements, minus provision for income taxes allocable to FFO or plus income tax benefit allocable to FFO, plus amortization of equity based compensation and minus non-incremental capital expenditures. Non-incremental capital expenditures refer to building improvements and leasing costs required to maintain current revenues plus tenant improvements amortized back to the tenant over the lease term. Excluded are first generation leasing costs, capital expenditures underwritten at acquisition and development/redevelopment costs.

FFO, NOI, adjusted EBITDA and AFFO do not represent cash generated from operating activities in accordance with GAAP and are not necessarily indicative of cash available to fund cash needs, including the repayment of principal on debt and payment of dividends and distributions. FFO, NOI, adjusted EBITDA and AFFO should not be considered substitutes for net income available to common stockholders and participating securities (calculated in accordance with GAAP) as a measure of results of operations, cash flows (calculated in accordance with GAAP) or as a measure of liquidity. FFO, NOI, adjusted EBITDA and AFFO as currently calculated by us may not be comparable to similarly titled, but variously calculated, measures of other REITs.
