Unencumbered Debt Yield	≥ 11.0%	18.2%

- (1) Reflects the covenant calculations under all Supplemental Indentures except Supplemental Indenture No. 11 which relates to the 5.95% Notes due May 2017. The covenants reflected above are more restrictive than Supplemental Indenture No. 11.
- (2) Based on the line of credit dated December 14, 2011, which includes a decrease in the cap rate (from 8.5% to 8.0%) used to value the asset base of the Company for the leverage ratio covenants.
- (3) Covenant limitation reverts to 1.40 on January 1, 2013 and 1.50 from January 1, 2014 until maturity.
- (4) Covenant limitation reverts to 1.75 on January 1, 2013 until maturity.

TOTAL OF OWNED LAND	681.7	8,335,207		

- (1) Adjacent to the developable land in the Moreno Valley, is land currently built out as a truck court. As of July 2012, the truck court is encumbered by an executed lease. Combining the two parcels could allow the developable GLA to increase from 188,576 sq. ft. to 394,000 sq. ft.
- (2) Vertical construction on the land parcel in Chino, CA is planned to commence in Q3 2012. Vertical construction on the land parcel in LA County, CA is planned to commence in Q4 2012.

This table shows the financial results of the Joint Ventures and the Company's proportionate share of those results. In addition to the FFO and net income (loss) shown below, the Company earns fees and incentives, as more fully described in footnote (3).

9	3	(82)	\$ (172) Depreciation and Other Amortization of Real Estate - Joint Ventures per the Company's Statement of Operations

(3) The Company recognizes income (loss) from its joint ventures using the equity method of accounting. The following table shows the Company's share of FFO from its pro rata share of operations, joint venture fees, incentive payments received from its joint ventures and its pro rata share of economic gain, if applicable (see footnote (n)).

	E	e Months nded 30, 2012	E	e Months nded 30, 2011	 nths Ended 30, 2012	 nths Ended 30, 2011
FFO from:	-					
Pro rata Share of Operations	\$	118	\$	169	\$ 237	\$ 393
Fees		68		277	144	587
Incentive Payments		-		-	6	-
Total	\$	186	\$	446	\$ 387	\$ 980

- (a) Included in land and deferred leasing intangibles, net, is land purchased in 2008 for a purchase price of \$63,178 that is leased under ground lease arrangements.
- (b) Detail for properties held for sale.

	June	December	December
	30, 2012	31, 2011	31, 2010
Number of Properties	16	46	192
Square Feet (in Millions)	3.2	4.8	15.8
Accum. Depreciation & Amortization	\$21,079	\$38,998	\$162,543

- (c) Restricted cash is primarily comprised of cash held in escrow in connection with mortgage debt requirements.
- (d) Prepaid Expenses and Other Assets, Net as of June 30, 2012, are comprised as follows:

Other Assets	
Mortgage Loans Receivable, Net and Interest Receivable	\$ 47,535
Furniture, Fixtures, Leasehold Improvements and Equipment, Net	1,809
Prepaid Real Estate Taxes	233
Earnest Money, Escrow and Other Deposits	9,622
Leasing Commissions FAS 141, Net	10,663
Leasing Commissions, Net	34,802
Other	 7,278
Total Other Assets, Net	\$ 111,942

- (e) Mortgage and Other Loans Payable, Net consists of 60 first mortgage loans totaling \$683,978, which have interest rates ranging from 4.45% to 9.25%, maturities ranging between January 2013 through October 2021 and collateralizes 190 properties and one letter of credit.
- (f) During the six months ended June 30, 2012, we repurchased and retired the following senior unsecured notes prior to maturity:

	Principal Amo	Purchase Price		
2014 Notes	\$	9,000	\$	9,439
2028 Notes	\$	55,955	\$	57,041
2032 Notes	\$	22,400	\$	22,848
	\$	87,355	\$	89,328

In connection with these repurchases prior to maturity, we recognized \$6,222 as loss from retirement of debt for the six months ended June 30, 2012, which is the difference between the repurchase price and the principal amount retired, net of the pro rata write off of the unamortized debt issue discount, the unamortized loan fees, the unamortized settlement amount of the interest rate protection agreements and the professional service fees related to the repurchases of \$578, \$612, \$2,619, and \$440. respectively.

(g) First Industrial has received ratings from three rating agencies with respect to its senior unsecured notes and preferred stock. The ratings are as follows:

Senior	
Unsecured	Preferred
Notes	Stock
BB	B+
Ba3	B2
BB-	CCC+
	Notes BB Ba3

(h) The Unsecured Credit Facility consists of a \$450,000 unsecured revolving credit facility ("Unsecured Credit Facility").

The Unsecured Credit Facility is used to provide for interim financing of property acquisitions and development, and for general corporate needs. In the second quarter of 2012, the revolving borrowings provided for interest only payments at LIBOR plus 195 basis points or at a base rate plus 195 basis points, at our election, based on our leverage ratio. The Unsecured Credit Facility matures on December 12, 2014 and may be extended for an additional year subject to certain conditions.

- (i) Noncontrolling Interest represents operating partnership units owned by unit holders other than First Industrial Realty Trust, Inc.
- (j) Not used.
- (k) Interest expense is reflected net of interest capitalized with respect to properties under development. For the three and six months ended June 30, 2012, we capitalized \$85 and \$475, respectively, of interest with respect to properties under development. There was no interest capitalized for the three and six months ended June 30, 2011.
- (I) As of April 1, 2009, our Series F Preferred Stock is subject to a coupon rate reset. The coupon rate resets every quarter beginning March 31, 2009, at 2.375% plus the greater of i) the 30 Year Treasury CMT Rate, ii) the 10 Year Treasury CMT Rate or iii) the 3 Month LIBOR. In October 2008, the Company entered into an interest rate protection agreement to mitigate its exposure to interest rates related to the forecasted reset rate of its Series F Preferred Stock. The agreement has a notional value of \$50,000, is effective from April 1, 2009 through October 1, 2013, and fixes the 30 year U.S. Treasury rate at 5.2175%. Since the interest rate protection agreement is hedging an equity component, the interest rate protection agreement does not qualify for hedge accounting and the change in value of the interest rate protection agreement was recognized in net income (loss) as opposed to other comprehensive income (loss). Quarterly payments or receipts are treated as a component of the mark to market gains or losses. For the three and six months ended June 30, 2012, \$0.4 and \$0.3, respectively, of loss is recognized as Mark-to-Market Loss on Interest Rate Protection Agreements. For the three and six months ended June 30, 2011, \$0.2 of loss is recognized as Mark-to-Market Loss on Interest Rate Protection Agreements.

(matching in the real estate industry utilize funds from operations ("FFO"), net operating income ("NOI"), EBITDA and funds available for distribution ("FAD"), variously defined, as supplemental performance measures. While the Company believes net income (loss) available to First Industrial Realty Trust, Inc.'s common stockholders and participating securities, as defined by GAAP, is the most appropriate measure, it considers FFO, NOI, EBITDA and FAD, given their wide use by and relevance to investors and analysts, appropriate supplemental performance measures. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets. NOI provides a measure of rental operations, and does not factor in depreciation and amortization and non-property specific expenses such as general and administrative expenses. EBITDA provides a tool to further evaluate the ability to incur and service debt and to fund dividends and other cash needs. FAD provides a tool to further evaluate the ability to fund dividends. In addition, FFO, NOI, EBITDA and FAD are commonly used in various ratios, pricing multiples/yields and returns and valuation calculations used to measure financial position, performance and value.

From January 1, 2009 until September 30, 2011, the Company calculated FFO to be equal to net income (loss) available to First Industrial Realty Trust, Inc.'s common stockholders and participating securities, plus depreciation and amortization on real estate less non-NAREIT compliant gain (loss) in accordance with NAREIT's definition of FFO. In the fourth quarter of 2011, NAREIT modified its definition of FFO to exclude impairment write downs of depreciable real estate from FFO. Beginning in the fourth quarter of 2011, the Company adopted NAREIT's updated FFO definition. The Company restated FFO for the three and six months ended June 30, 2011 in accordance with NAREIT's updated FFO definition. The impact of this change was to increase FFO by \$1,108 or \$0.01 per share for the three months ended June 30, 2011 and increase FFO by \$1,651 or \$0.02 per share for the six months ended June 30, 2011.

NOI is defined as revenues of the Company, minus property expenses such as real estate taxes, repairs and maintenance, property management, utilities, insurance and other expenses. NOI includes NOI from discontinued operations.

EBITDA is defined as NOI plus the equity in FFO of the Company's joint ventures, which are accounted for under the equity method of accounting, plus or minus NAREIT compliant economic gain (loss), plus or minus mark-to-market gain or loss on interest rate protection agreements, minus general and administrative expenses. EBITDA includes EBITDA from discontinued operations.

FAD is defined as EBITDA minus GAAP interest expense, minus restructuring costs, minus preferred stock dividends, minus straight-line rental income, minus provision for income taxes or plus benefit for income taxes, minus or plus mark-to-market gain or loss on interest rate protection agreements, plus restricted stock amortization, minus non-incremental capital expenditures. Non-incremental capital expenditures are building improvements and leasing costs required to maintain current revenues.

FFO, NOI, EBITDA and FAD do not represent cash generated from operating activities in accordance with GAAP and are not necessarily indicative of cash available to fund cash needs, including the repayment of principal on debt and payment of dividends and distributions. FFO, NOI, EBITDA and FAD should not be considered as substitutes for net income (loss) available to common stockholders and participating securities (calculated in accordance with GAAP) as a measure of results of operations or cash flows (calculated in accordance with GAAP) as a measure of liquidity. FFO, NOI, EBITDA and FAD as currently calculated by the Company may not be comparable to similarly titled, but variously calculated, measures of other REITs.

In addition, the Company considers cash-basis same store NOI ("SS NOI") to be a useful supplemental measure of its operating performance. Same store properties, for the period beginning January 1, 2012, include all properties owned prior to January 1, 2011 and held as an operating property through the end of the current reporting period, and developments and redevelopments that were placed in service or were substantially completed for 12 months prior to January 1, 2011 (the "Same Store Pool"). The Company defines SS NOI as NOI, less NOI of properties not in the Same Store Pool, less the impact of straight-line rent, the amortization of lease inducements and the amortization of above/below market rent. For the quarters ended June 30, 2012 and June 30, 2011, NOI was \$58,559 and \$56,562 respectively; NOI of properties not in the Same Store Pool was \$142 and \$159, respectively; the impact of straight-line rent, the amortization of lease inducements and the amortization of above/below market rent was \$465 and \$1,656, respectively. The Company excludes straight-line rent, amortization of lease inducements and above/below market rent in calculating SS NOI because the Company believes it provides a better measure of actual cash basis rental growth for a year-over-year comparison. In addition, the Company believes that SS NOI helps the investing public compare the operating performance of a company's real estate as compared to other companies. While SS NOI is a relevant and widely used measure of operating performance of real estate investment trusts, it does not represent cash flow from operations or net income (loss) as defined by GAAP and should not be considered as an alternative to those measures in evaluating our liquidity or operating performance. SS NOI also does not reflect general and administrative expenses, interest expenses, depreciation and amortization costs, capital expenditures and leasing costs, or trends in development and construction activities that could materially impact our results from operatio

The SS NOI percentage changes for the years 2012, 2011 and 2010 are as follows:

	First Quarter	Second Quarter	Third Quarter	Fourth Quarter	YTD
2012 Cash Basis SS NOI	6.4%	5.9%	N/A	N/A	N/A
2012 Cash SS NOI w/o Termination Fees	6.7%	5.3%	N/A	N/A	N/A
2011 Cash Basis SS NOI	(0.9%)	(2.5%)	1.1%	(1.2%)	(0.6%)
2011 Cash SS NOI w/o Termination Fees	(1.0%)	(2.7%)	2.7%	0.5%	0.1%
2010 Cash Basis SS NOI	(7.2%)	(1.7%)	(0.1%)	(2.8%)	(2.7%)
2010 Cash SS NOI w/o Termination Fees	(6.9%)	(1.5%)	(1.3%)	(2.0%)	(2.7%)

(n) NAREIT Compliant Economic Gain (Loss) result from the sale of properties not previously depreciated.

Non-NAREIT Compliant Gain (Loss) result from the sale of depreciable properties.

(0) In accordance with GAAP, the diluted weighted average number of shares/units outstanding and the diluted weighted average number of shares outstanding are the same as the basic weighted average number of shares/units outstanding and the basic weighted average number of shares outstanding, respectively, for periods in which continuing operations is a loss, as the dilutive effect of stock options and restricted units would be antidilutive to the loss from continuing operations per share. The Company has conformed with the GAAP computation of diluted common shares in computing per share amounts for items included on the Statement of Operations, including FFO and FAD.

GAAP requires unvested equity based compensation awards that have nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) to be included in the two class method of the computation of EPS. For the three and six months ended June 30, 2012 and June 30, 2011, there was no impact on basic and diluted EPS as participating security holders are not obligated to share in losses. The Company conforms the calculation of FFO and FAD with the calculation of EPS.

- (p) Partnership Units are exchangeable for common shares 1 to 1.
- (q) Average Daily Volume (Dollars) is calculated by multiplying Average Daily Volume (Shares) by Average Common Share Price.
- (r) Average common share price is based on the average closing share price weighted by volume during the respective quarter.

(s) Spread over U.S. Treasury is equal to the dividend yield less the U.S. Treasury yield.

	June	June
	30, 2012	30, 2011
5 Yr. U.S. Treasuries	0.73%	1.75%
10 Yr. U.S. Treasuries	1.66%	3.16%

- (t) Annualized results are based on multiplying quarterly results by 4. Average Gross Real Estate Investment excludes the average value of Construction in Progress.
- (u) Beginning January 1, 2009, properties which are at least 75% occupied at acquisition are placed in-service. Acquired properties less than 75% are placed in-service upon the earlier of reaching 90% occupancy or one year from the acquisition date. Development properties are placed in-service upon the earlier of reaching 90% occupancy or one year from the date construction is completed. Redevelopments (generally projects which require capital expenditures exceeding 25% of basis) are placed in-service upon the earlier of reaching 90% occupancy or one year from the completion of renovation construction.
- (v) At June 30, 2012 and June 30, 2011, the Company had zero square feet and 54,841 square feet, respectively, of acquisitions and redevelopments that have not reached stabilization under the placed in-service occupancy definition (see footnote u). The occupancy rate at June 30, 2011 was 49.4%. Additionally, the Company had zero square feet of completed developments that were not in-service at June 30, 2012 and June 30, 2011.
- (w) Developable land area represents land acquired for future development or potential land sales. The developable GLA is based on the developable land area and a parcel by parcel estimate of the land to building ratio. Useable land area and developable / expandable GLA are estimated and can change periodically due to changes in the site design, road and storm water requirements, trailer parking, staging areas, type of building, condemnation, etc. Actual build out can be influenced by a number of factors including renegotiations with existing tenants, negotiations with new tenants, and in certain instances, zoning restrictions, assessments of market conditions and physical constraints for development.
- (X) The Company uses the following general criteria to classify buildings by property type. While some properties may have characteristics of more than one property type, the Company determines the most dominating characteristic(s) to categorize a building. Individual properties may be reclassified over time due to changes in building characteristics such as tenant use and office space buildout.

Property Type	Property Square Feet	Ceiling Height	Office Space	Manufacturing Space
Light Industrial	Less than 100,000 sq. ft.	16 to 21 ft.	5% to 50%	Under 50%
R&D/Flex	Less than 100,000 sq. ft.	Less than 16 ft.	50% or more	Under 25%
Bulk Warehouse	More than 100,000 sq. ft.	22 ft. or more	5% to 15%	Under 25%
Regional Warehouse	Less than 100,000 sq. ft.	22 ft. or more	5% to 15%	Under 25%
Manufacturing	Various	Various	5% to 15%	Over 50%

- (y) Annualized base rental income per average occupied square foot is based on multiplying the quarter's result by four and dividing by the average occupied GLA. This is used as a benchmark and does not necessarily reflect increases or decreases in NOI.
- (Z) Weighted average expected cap rate of acquisitions represents the expected stabilized cash yield (cash NOI divided by the total expected investment). Weighted average cap rate on sales represents the stabilized cash yield (stabilized cash NOI divided by the total expected stabilized investment). Cap rate at sale represents the actual NOI for the previous twelve months prior to sale divided by the sales price. Straight-line rents are not included in cash NOI.
- (aa) Non-incremental Capital Expenditures refers to building improvements and leasing costs required to maintain current revenues and excludes first generation leasing costs, capital expenditures underwritten at acquisition and development/redevelopment costs. The amounts below reflect amounts recorded during the period.

	June 1, 2012	March 31, 2012		June 30, 2011		March 31, 2011	
Building Improvements Leasing Costs	\$ 6,441 7,210	\$	1,501 8,376	\$	2,934 9,637	\$	1,505 7,926
S	\$ 13,651	\$	9,877	\$	12,571	\$	9,431

(ab) First Industrial has reserved 6,500 shares under the 1997 Stock Incentive Plan, 2,300 shares under the 2001 Stock Incentive Plan, 400 shares under the 2019 Stock Incentive Plan and 1,100 shares under the 2011 Stock Incentive Plan. Previously, 1,200 shares were reserved under the 1994 Plan, which are no longer available. At June 30, 2012, 4,826 restricted shares were outstanding, having been issued in connection with the Company's compensation plans, 4,977 options have been exercised or converted and 1,571 shares were available under the 1997, 2001, 2009 and 2011 Stock Incentive Plan for future grants.

(ac) The Company considers Net Asset Value ("NAV") to be a useful tool for investors and analysts to estimate the value of common shareholder equity. The assessment of NAV is subjective and involves estimates and assumptions and can be calculated using various methods. The detail shown below is provided to assist analysts and investors in calculating NAV. A separate adjustment has been provided below to reflect NOI at 91% occupancy. This adjustment will add NOI when occupancy is below 91% and subtract from NOI when occupancy is above 91%.

	At June 30, 2012
Quarterly NOI	58,559
Sales/Acq./Dev. Run Rate Adjustment	28
Stabilized Occupancy	
Adjustment (91% Occupancy)	2,762
Adjusted NOI	61,349
Annualized NOI	X 4 245,396
Alliudiized NOI	245,390
CIP and Associated Land	42,752

(ad) Southern California includes the markets of Los Angeles, Inland Empire and San Diego.

A 600,000 sq. ft. bulk warehouse located in Kenosha, WI was recategorized to the Chicago market from the Milwaukee market in Q1 2012, reflective of general market practices.

(ae) In addition to the dispositions detailed for the third quarter of 2011, on September 20, 2011, we also transferred title to a 355,000 sq. ft. property located in the market of Southern New Jersey and an escrow balance in the amount of \$1.8 million to the lender in satisfaction of a \$5.0 million non-recourse mortgage loan.

In addition to the dispositions detailed for the fourth quarter of 2011, on December 28, 2011, we transferred title of a 40,000 sq. ft. property located in Horn Lake, Mississippi to the City of Horn Lake for no consideration.
