THE COMPANY AND THE OPERATING PARTNERSHIP

UNLESS THE CONTEXT OTHERWISE REQUIRES, ALL REFERENCES IN THIS PROSPECTUS TO THE "COMPANY" REFER TO FIRST INDUSTRIAL REALTY TRUST, INC. AND ITS SUBSIDIARIES, INCLUDING FIRST INDUSTRIAL, L.P. (THE "OPERATING PARTNERSHIP"), AND ALL REFERENCES IN THIS PROSPECTUS TO THE "OTHER REAL ESTATE PARTNERSHIPS" REFER TO ALL PARTNERSHIP SUBSIDIARIES OF FIRST INDUSTRIAL REALTY TRUST, INC. OTHER THAN THE OPERATING PARTNERSHIP. UNLESS OTHERWISE INDICATED, ALL INFORMATION REGARDING PROPERTIES RELATES TO PROPERTIES OWNED AND IN SERVICE AS OF DECEMBER 31, 1996.

The Company is a REIT which owns, manages, acquires and develops bulk warehouse and light industrial properties. Markets in which the Company operates include the following metropolitan areas: Minneapolis/St. Paul, Minnesota; Detroit, Michigan; Atlanta, Georgia; Chicago, Illinois; Grand Rapids, Michigan; Indianapolis, Indiana; Central Pennsylvania; Nashville, Tennessee; St. Louis, Missouri; Columbus, Ohio; Cincinnati, Ohio; Des Moines, Iowa; Milwaukee, Wisconsin; Dayton, Ohio; and Cleveland, Ohio. As of December 31, 1996, the Company owned 379 in service properties containing an aggregate of approximately 32.7 million square feet of gross leasable area ("GLA") which was approximately 97% leased to over 990 tenants. The Company is a self-administered and fully integrated industrial real estate company.

The Company is the sole general partner of, and, as of March 31, 1997, held approximately 88.3% of the outstanding units of partnership interest ("Units") in, the Operating Partnership. Approximately 11.7% of the outstanding Units are held by outside investors, including certain members of the Company's management. Each Unit, other than those held by the Company, may be exchanged by the holder thereof for one share (subject to certain adjustments) of Common Stock. With each such exchange, the number of Units owned by the Company, and, therefore, the Company's percentage interest in the Operating Partnership, will increase.

Substantially all of the Company's assets are held through the Operating Partnership and the Other Real Estate Partnerships. The Operating Partnership owns a 99% limited partnership interest, and wholly owned subsidiaries of First Industrial Realty Trust, Inc. own a 1% general partnership interest, in each of the Other Real Estate Partnerships, except that in the case of one Other Real Estate Partnership, First Industrial Securities L.P., the general partner also owns a preferred limited partnership interest the terms of which mirror the terms of the Company's outstanding 9 1/2% Series A Preferred Stock. See "Description of Preferred Stock--Outstanding Preferred Stock."

The Company was incorporated in Maryland in August 1993. The Operating Partnership was formed in Delaware in November 1993. The Company's and the Operating Partnership's executive offices are located at 150 N. Wacker Drive, Suite 150, Chicago, Illinois 60606, and their telephone number is (312) 704-9000.

RISK FACTORS

In evaluating an investment in the Securities, investors should consider the following factors, in addition to other matters set forth or incorporated in this Prospectus and in any applicable Prospectus Supplement.

REAL ESTATE INVESTMENT CONSIDERATIONS

GENERAL

Income from real property investments, and the Company's resulting ability to make expected distributions to stockholders, may be adversely affected by the general economic climate, local conditions such as oversupply or a reduction in demand in the area, the attractiveness of the properties to tenants, tenant defaults, zoning or other regulatory restrictions, competition from other available real estate, the ability of the Company to provide adequate maintenance and insurance and increased operating costs (including insurance premiums and real estate taxes). The Company's income would also be adversely

affected if tenants were unable to pay rent or the Company were unable to rent properties on favorable terms. In addition, certain expenditures associated with real estate investment (such as real estate taxes and maintenance costs) generally are not reduced when circumstances cause a reduction in income from the investment. Furthermore, real estate investments are relatively illiquid and, therefore, will tend to limit the ability of the Company to vary its portfolio promptly in response to changes in economic or other conditions.

RENEWAL OF LEASES AND RELETTING OF SPACE

The Company will be subject to the risks that, upon expiration of leases, the leases may not be renewed, the space subject to such leases may not be relet or the terms of renewal or reletting (including the cost of required renovations) may be less favorable than expiring lease terms. If the Company were unable promptly to renew a significant number of expiring leases or promptly to relet the space covered by such leases, or if the rental rates upon such renewal or reletting were significantly lower than the then current rates, the Company's funds from operations and ability to make expected distributions to stockholders might be adversely affected. Leases with respect to approximately 5.5 million, 5.9 million and 5.4 million square feet of GLA expire in 1997, 1998 and 1999, respectively.

POTENTIAL ENVIRONMENTAL LIABILITY

Under various federal, state and local laws, ordinances and regulations, an owner or operator of real estate may be liable for the costs of clean-up of certain conditions relating to the presence of hazardous or toxic materials on, in or emanating from the property, and any related damages to natural resources. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence of hazardous or toxic materials. The presence of such materials, or the failure to address such conditions properly, may adversely affect the ability to rent or sell the property or to borrow using the property as collateral. Persons who dispose of or arrange for the disposal or treatment of hazardous or toxic materials may also be liable for the costs of clean-up of such materials, or for related natural resource damages, at or from an off-site disposal or treatment facility, whether or not such facility is owned or operated by such persons. No assurance can be given that existing environmental assessments with respect to any of the Company's properties reveal all environmental liabilities, that any prior owner or operator of any of the properties did not create any material environmental condition not known to the Company or that a material environmental condition does not otherwise exist as to any one or more properties.

LIMITED GEOGRAPHIC CONCENTRATION

Approximately 68% of the Properties owned by the Company as of March 31, 1997 are located in the midwest region of the United States. A fundamental element of the Company's growth strategy is to acquire additional properties in its current markets. Consequently, the Company may be dependent upon the demand for industrial space in those markets. The Company's revenues and the value of its properties may be affected by a number of factors in its current markets, including the local economic climate (which may be adversely impacted by business layoffs or downsizing, industry slowdowns, changing demographics and other factors) and local real estate conditions (such as oversupply of, or reduced demand for, properties). Therefore, the Company's performance and its ability to make distributions to stockholders will likely be dependent, to a significant extent, on the economic conditions in its current markets.

TAX RISKS

CONSEQUENCES OF FAILURE TO QUALIFY AS A REIT

The Company intends to operate so as to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"). Although the Company believes that it is organized and will operate in a manner so as to qualify as a REIT, qualification as a REIT involves the satisfaction of numerous

requirements (some of which must be met on a recurring basis) established under highly technical and complex Code provisions of which there are only limited judicial or administrative interpretations, and involves the determination of various factual matters and circumstances not entirely within the Company's control. If the Company were to fail to qualify as a REIT in any taxable year, the Company would be subject to federal income tax (including any applicable alternative minimum tax) on its taxable income at corporate rates and, unless entitled to relief under certain statutory provisions, the Company also would be disqualified from treatment as a REIT for the four taxable years that follow. See "Federal Income Tax Considerations."

EFFECT OF DISTRIBUTION REQUIREMENTS

The Company could, in certain instances, have taxable income without sufficient cash to enable the Company to meet the distribution requirements of the REIT provisions of the Code. Accordingly, the Company could be required to borrow funds or sell properties on adverse terms in order to meet such distribution requirements. In addition, because the Company must distribute to its stockholders at least 95% of its REIT taxable income each year, the Company's ability to accumulate capital may be limited. Thus, it may be more dependent on outside sources of financing, such as debt financing or issuances of additional capital stock, in connection with future acquisitions. See "Federal Income Tax Considerations."

RESTRICTIONS ON TRANSFER OF SHARES

As noted below under "Description of Preferred Stock--Restrictions on Ownership" and "Restrictions on Transfers of Capital Stock," in order to maintain its qualification as a REIT under the Code, no more than 50% in value of the outstanding capital stock of the Company may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. Accordingly, the Company's Articles of Incorporation contain, and the Designating Amendment for each series of Preferred Stock may contain, provisions restricting the ownership and transfer of the Company's capital stock.

RISKS ASSOCIATED WITH DEBT FINANCING AND LEVERAGE; COLLATERALIZATION AND CROSS-COLLATERALIZATION

GENERAL

Where possible, the Company intends to continue to use leverage to increase the rate of return on its investments and to allow the Company to make more investments than it otherwise could. Such use of leverage presents an additional element of risk in the event that the cash flow from the Company's properties is insufficient to meet both debt payment obligations and the distribution requirements of the REIT provisions of the Code. To the extent the Operating Partnership determines to obtain additional debt financing in the future, it may do so through mortgages on some or all of its properties. These mortgages may be on recourse, non-recourse or crossed-collateralized bases. Holders of indebtedness which is so secured will have a claim against these properties which is senior to the claim of holders of Debt Securities. In addition, to the extent indebtedness is crossed-collateralized, lenders may seek to foreclose upon properties which are not the primary collateral for their loan, which may, in turn, result in acceleration of other indebtedness secured by properties. Foreclosure of properties would result in a loss of income and asset value to the Operating Partnership and the Company.

BALLOON PAYMENTS

The Company is required to make lump-sum or "balloon" payments pursuant to the terms of certain of its indebtedness, including a \$309.8 million unsecured loan (the "Defeasance Loan") incurred by the Operating Partnership in April 1997, the proceeds of which were used to defease a mortgage loan under which First Industrial Financing Partnership, L.P (the "Financing Partnership") borrowed \$300 million

(the "Mortgage Loan"), and a \$200 million unsecured revolving credit facility (the "Acquisition Facility") under which the Company, through the Operating Partnership, may borrow to finance the acquisition of additional properties and for other corporate purposes, including working capital. The Defeasance Loan and the Acquisition Facility provide for the repayment of principal in a lump-sum or "balloon" payment at maturity in 1999 (subject to a two-year extension at the Operating Partnership's option, subject to certain conditions) and 2000 (subject to successive one-year extensions at the Operating Partnership's option, subject to certain conditions), respectively. The Company's ability to make such payments may depend on its ability either to refinance the applicable indebtedness or to sell properties. The Company has no commitments to refinance the Defeasance Loan or the Acquisition Facility. Certain other existing debt obligations of the Company are secured by its properties, and therefore such obligations will permit the lender to foreclose on those properties in the event of a default.

NO LIMITATION ON DEBT IN ORGANIZATIONAL DOCUMENTS

The Operating Partnership has no separate policy regarding the amount of debt it may incur, but rather is encompassed by the Company's policy in this regard. The Company currently has a policy of maintaining a ratio of debt to total market capitalization (I.E., total consolidated debt of the Company as a percentage of the aggregate market value of all outstanding shares of Common Stock, assuming the exchange of all Units for Common Stock, plus the aggregate stated value of all outstanding shares of preferred stock, plus total consolidated debt) which generally will not exceed 50% and a coverage ratio (computed as total revenues minus property expenses and general and administrative expenses divided by interest expense plus dividends on preferred stock) of at least 2.0:1. As of March 31, 1997, the Company's ratio of debt to total market capitalization was 32.8%, and for the year ended December 31, 1996, the Company's coverage ratio was 2.9:1. However, the organizational documents of the Company do not contain any limitation on the amount or percentage of indebtedness the Company may incur and the Company's Board of Directors has the power to alter the current policy. Accordingly, the Company could become more highly leveraged, resulting in an increase in debt service that could adversely affect the Company's ability to make expected distributions to stockholders and in an increased risk of default on its obligations. In addition, except as may be set forth in any Prospectus Supplement, the Debt Securities will not contain any provision that would afford holders of Debt Securities protection in the event of a highly leveraged transaction or change in control of the Operating Partnership or the Company.

RISING INTEREST RATES

The Acquisition Facility bears interest at a floating rate. Increases in the interest rate payable on balances outstanding under the Acquisition Facility would have an adverse effect on the Company's cash available for distribution.

LIMITS ON CHANGES IN CONTROL

GENERAL

Certain provisions of the Articles of Incorporation may have the effect of delaying, deferring or preventing a third party from making an acquisition proposal for the Company and thus inhibit a change in control of the Company and limit the opportunity for stockholders to receive a premium for their Common Stock over then-prevailing market prices. See "Certain Provisions of Maryland Law and the Company's Articles of Incorporation and Bylaws." These provisions include the following:

RISKS ASSOCIATED WITH PREFERRED STOCK

Under its Articles of Incorporation, the Company has authority to issue up to 10,000,000 shares of Preferred Stock (of which 1,650,000 shares were outstanding on March 31, 1997) on such terms as may be authorized by the Board of Directors of the Company. Although the Board of Directors has no such

intention at the present time, it has the power to establish a series of Preferred Stock that could, depending on the terms of such series, have the effect referred to above.

MARYLAND BUSINESS COMBINATION LAW

Under the Maryland General Corporation Law, as amended ("MGCL"), certain "business combinations" (including certain issuances of equity securities) between a Maryland corporation, such as the Company, and any person who beneficially owns 10% or more of the voting power of the corporation's shares (an "Interested Stockholder") or, in certain circumstances, an associate or an affiliate thereof (as defined in the MGCL) are prohibited for five years after the most recent date on which the Interested Stockholder becomes an Interested Stockholder. Thereafter, any such business combination must be recommended by the board of directors and approved by two super-majority stockholder votes unless, among other conditions, the corporation's common stockholders receive a minimum price (as defined in the MGCL) for their shares, in cash or in the same form as previously paid by the Interested Stockholder for its shares. The provisions of the MGCL do not apply to business combinations that are approved or exempted by the Board of Directors prior to the time that the Interested Stockholder becomes an Interested Stockholder. In addition, the Company's Articles of Incorporation exempt from these provisions of the MGCL any business combination in which there is no Interested Stockholder other than Jay H. Shidler, the Chairman of the Board of Directors of the Company, or any entity controlled by Mr. Shidler, unless Mr. Shidler is an Interested Stockholder without taking into account Mr. Shidler's ownership of shares of Common Stock of the Company and the right to acquire shares in an aggregate amount which does not exceed the number of shares which Mr. Shidler owned and had the right to acquire (including through the exchange of Units) at the time of the consummation of the Company's initial public offering.

MARYLAND CONTROL SHARE ACQUISITION STATUTE

The MGCL provides that "control shares" of a Maryland corporation acquired in a "control share acquisition" have no voting rights, except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter, excluding shares owned by the acquiror, by officers of the corporation and by directors who are also employees of the corporation. If voting rights with respect to control shares have not been approved at a meeting of stockholders, then, subject to certain conditions and limitations, the issuer may redeem any or all of such control shares for fair value. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The Company's Bylaws contain a provision exempting any and all acquisitions of the Company's shares of capital stock from the control shares provisions of the MGCL. There can be no assurance that this provision will not be amended or eliminated in the future.

CLASSIFIED BOARD OF DIRECTORS

The Company's directors are divided into three classes by its Articles of Incorporation, with terms expiring over a three year period. The classified board provision could make it more difficult and time consuming to remove the incumbent directors, thus discouraging a third party from attempting to take control of the Company.

RISKS ASSOCIATED WITH DILUTION

To the extent the Company issues Common Stock, the ownership interest of existing stockholders would be diluted.

RISKS ASSOCIATED WITH POSSIBLE CONFLICTS OF INTEREST

COMPETITION FROM OTHER BUSINESS INTERESTS OF CERTAIN OFFICERS AND DIRECTORS

Entities affiliated with or controlled by certain officers and directors of the Company hold equity interests in industrial properties not owned by the Company. Some of these properties may compete with properties owned by the Company. There can be no assurance that decisions by officers and directors of the Company will fully represent the interests of stockholders of the Company rather than such individuals and their affiliates.

TAX CONSEQUENCES TO CERTAIN OFFICERS AND DIRECTORS

Certain officers and directors of the Company own Units which may be exchanged for Common Stock. Prior to the exchange of Units for Common Stock, officers and directors of the Company who own Units may suffer different and more adverse tax consequences than holders of Common Stock upon the sale of certain of the Company's properties, the refinancing of debt associated with those properties or in connection with a proposed tender offer or merger involving the Company and, therefore, such individuals and the Company, as partners in the Operating Partnership, may have different objectives regarding the appropriate terms of any such transaction.

USE OF PROCEEDS

Unless otherwise described in the applicable Prospectus Supplement, the Company and the Operating Partnership intend to use the net proceeds from the sale of Securities offered by this Prospectus and the applicable Prospectus Supplement for general corporate purposes, which may include the acquisition of additional properties, the repayment of outstanding debt or the improvement of certain properties already in the Company's portfolio. Any proceeds from the sale of Common Stock, Preferred Stock or Depositary Shares by the Company will be invested in the Operating Partnership, which will use such proceeds for the above-described purposes.

RATIOS OF EARNINGS TO FIXED CHARGES

The Company's ratios of earnings to fixed charges plus preferred dividend requirements for the years ended December 31, 1996, 1995 and 1994 were 1.88, 1.56 and 1.33, respectively. The Operating Partnership's ratios of earnings to fixed charges for the years ended December 31, 1996, 1995 and 1994 were 6.96, 2.56 and 1.65, respectively.

For purposes of computing the ratios of earnings to fixed charges, earnings have been calculated by adding fixed charges (excluding capitalized interest) to income (loss) before disposition of interest rate protection agreement, gain on sales of properties, minority interest and extraordinary items. Fixed charges consist of interest costs, whether expensed or capitalized, and amortization of interest rate protection agreement and deferred financing costs.

With respect to the Company and the Operating Partnership, earnings were inadequate to cover fixed charges by approximately \$3.4 million and \$4.3 million for the years ended December 31, 1993 and 1992, respectively, which periods were prior to the Company's initial public offering. No preferred stock of the Company was outstanding during such years.

DESCRIPTION OF DEBT SECURITIES

The Debt Securities will be issued under an indenture (the "Indenture"), dated as of a date prior to the issuance of the Debt Securities to which it relates, between the Operating Partnership and a trustee (a "Trustee"), and in the form that has been filed as an exhibit to the Registration Statement of which this Prospectus is a part, subject to such amendments or supplements as may be adopted from time to time. The Indenture is subject to and governed by the Trust Indenture Act of 1939, as amended (the "TIA"). The statements made under this heading relating to the Debt Securities and the Indenture are summaries of

certain provisions thereof, do not purport to be complete and are qualified in their entirety by reference to the Indenture and such Debt Securities. All material terms of the Debt Securities and the Indenture, other than those disclosed in the applicable Prospectus Supplement, are described in this Prospectus.

Capitalized terms used herein and not defined shall have the meanings assigned to them in the Indenture.

The Debt Securities to be offered hereby and in any applicable Prospectus Supplement will be "investment grade" securities, meaning at the time of the offering of such Debt Securities, at least one nationally recognized statistical rating organization (as defined in the Exchange Act) will have rated such Debt Securities in one of its generic rating categories which signifies investment grade (typically the four highest rating categories, within which there may be sub-categories or gradations indicating relative standing, signify investment grades). An investment grade rating is not a recommendation to buy, sell or hold securities, is subject to revision or withdrawal at any time by the assigning entity and should be evaluated independently of any other rating.

TERMS

GENERAL. The Debt Securities will be direct unsecured obligations of the Operating Partnership. The indebtedness represented by the Debt Securities will rank equally with all other unsecured and unsubordinated indebtedness of the Operating Partnership. No partner (whether limited or general, including the Company) of the Operating Partnership has any obligation for the payment of principal of (or premium, if any) or interest, if any, on, or any other amount with respect to, the Debt Securities. The particular terms of the Debt Securities offered by a Prospectus Supplement will be described in the applicable Prospectus Supplement, along with any applicable modifications of or additions to the general terms of the Debt Securities as described herein and in the Indenture and any applicable federal income tax considerations. Accordingly, for a description of the terms of any series of Debt Securities, reference must be made to both the Prospectus Supplement relating thereto and the description of the Debt Securities set forth in this Prospectus.

Except as set forth in any Prospectus Supplement, the Debt Securities may be issued without limit as to aggregate principal amount, in one or more series, in each case as established from time to time by the Operating Partnership or as set forth in the Indenture or in one or more indentures supplemental to the Indenture. All Debt Securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of the holders of the Debt Securities of such series, for issuance of additional Debt Securities of such series.

The Indenture provides that the Operating Partnership may, but need not, designate more than one Trustee thereunder, each with respect to one or more series of Debt Securities. Any Trustee under the Indenture may resign or be removed with respect to one or more series of Debt Securities, and a successor Trustee may be appointed to act with respect to such series. In the event that two or more persons are acting as Trustee with respect to different series of Debt Securities, each such Trustee shall be a Trustee of a trust under the Indenture separate and apart from the trust administered by any other Trustee, and, except as otherwise indicated herein, any action described herein to be taken by each Trustee may be taken by each such Trustee with respect to, and only with respect to, the one or more series of Debt Securities for which it is Trustee under the Indenture.

The following summaries set forth certain general terms and provisions of the Indenture and the Debt Securities. The Prospectus Supplement relating to the series of Debt Securities being offered will contain further terms of such Debt Securities, including the following specific terms:

If so provided in the applicable Prospectus Supplement, the Debt Securities may be issued at a discount below their principal amount and provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof ("Original Issue Discount Securities"). In such cases, all material U.S. federal income tax, accounting and other considerations applicable to Original Issue Discount Securities will be described in the applicable Prospectus Supplement.

Except as may be set forth in any Prospectus Supplement, the Indenture does not contain any provisions that would limit the ability of the Operating Partnership to incur indebtedness or that would afford holders of Debt Securities protection in the event of a highly leveraged or similar transaction

involving the Operating Partnership or in the event of a change of control. Restrictions on ownership and transfers of the Common Stock and Preferred Stock are designed to preserve the Company's status as a REIT and, therefore, may act to prevent or hinder a change of control. See "Restrictions on Transfers of Capital Stock." Reference is made to the applicable Prospectus Supplement for information with respect to any deletions from, modifications of, or additions to, the Events of Default or covenants of the Operating Partnership that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

DENOMINATION, INTEREST, REGISTRATION AND TRANSFER

Unless otherwise described in the applicable Prospectus Supplement, the Debt Securities of any series will be issuable in denominations of \$1,000 and integral multiples thereof. Where Debt Securities of any series are issued in bearer form, the special restrictions and considerations, including special offering restrictions and special federal income tax considerations, applicable to any such Debt Securities and to payment on and transfer and exchange of such Debt Securities will be described in the applicable Prospectus Supplement. Bearer Debt Securities will be transferable by delivery.

Unless otherwise specified in the applicable Prospectus Supplement, the principal of (and applicable premium or Make-Whole Amount, if any) and interest on any series of Debt Securities will be payable at the corporate trust office of the applicable Trustee, the address of which will be stated in the applicable Prospectus Supplement; provided that, at the option of the Operating Partnership, payment of interest may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register for such Debt Securities or by wire transfer of funds to such person at an account maintained within the United States.

Unless otherwise specified in the applicable Prospectus Supplement, any interest not punctually paid or duly provided for on any Interest Payment Date with respect to a Debt Security in registered form ("Defaulted Interest") will forthwith cease to be payable to the holder on the applicable Regular Record Date and may either be paid to the Person in whose name such Debt Security is registered at the close of business on a special record date (the "Special Record Date") for the payment of such Defaulted Interest to be fixed by the Trustee, in which case notice thereof shall be given to the holder of such Debt Security not less than 10 days prior to such Special Record Date, or may be paid at any time in any other lawful manner, all as more completely described in the Indenture.

Subject to certain limitations imposed upon Debt Securities issued in book-entry form, the Debt Securities of any series will be exchangeable for any authorized denomination of other Debt Securities of the same series and of a like aggregate principal amount and tenor upon surrender of such Debt Securities at the corporate trust office of the applicable Trustee or at the office of any transfer agent designated by the Operating Partnership for such purpose. In addition, subject to certain limitations imposed upon Debt Securities issued in book-entry form, the Debt Securities of any series may be surrendered for registration of transfer or exchange thereof at the corporate trust office of the applicable Trustee or at the office of any transfer agent designated by the Operating Partnership for such purpose. Every Debt Security in registered form surrendered for registration of transfer or exchange must be duly endorsed or accompanied by a written instrument of transfer, and the person requesting such action must provide evidence of title and identity satisfactory to the applicable Trustee or transfer agent. No service charge will be made for any registration of transfer or exchange of any Debt Securities, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. If the applicable Prospectus Supplement refers to any transfer agent (in addition to the applicable Trustee) initially designated by the Operating Partnership with respect to any series of Debt Securities, the Operating Partnership may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that the Operating Partnership will be required to maintain a transfer agent in each place of payment for such series. The

Operating Partnership may at any time designate additional transfer agents with respect to any series of Debt Securities.

Neither the Operating Partnership nor any Trustee shall be required to (a) issue, register the transfer of or exchange Debt Securities of any series during a period beginning at the opening of business 15 days before the selection of any Debt Securities for redemption and ending at the close of business on (i) if such Debt Securities are issuable only as Registered Securities, the day of the mailing of the relevant notice of redemption and (ii) if such Debt Securities are issuable as Bearer Securities, the day of the first publication of the relevant notice of redemption or, if such Debt Securities are also issuable as Registered Securities and there is no publication, the mailing of the relevant notice of redemption; (b) register the transfer of or exchange any Debt Security, or portion thereof, so selected for redemption, in whole or in part, except the unredeemed portion of any Debt Security being redeemed in part; (c) exchange any Bearer Security so selected for redemption except that, to the extent provided with respect to such Bearer Security, such Bearer Security may be exchanged for a Registered Security of that series and of like tenor, PROVIDED that such Registered Security shall be simultaneously surrendered for redemption; or (d) issue, register the transfer of or exchange any Debt Security that has been surrendered for repayment at the option of the holder, except the portion, if any, of such Debt Security not to be so repaid.

Payment in respect of Debt Securities in bearer form will be made in the currency and in the manner designated in the applicable Prospectus Supplement, subject to any applicable laws and regulations, at such paying agencies outside the United States as the Operating Partnership may appoint from time to time. The paying agents outside the United States, if any, initially appointed by the Operating Partnership for a series of Debt Securities will be named in the applicable Prospectus Supplement. Unless otherwise provided in the applicable Prospectus Supplement, the Operating Partnership may at any time designate additional paying agents or rescind the designation of any paying agents, except that, if Debt Securities of a series are issuable in registered form, the Operating Partnership will be required to maintain at least one paying agent in each place of payment for such series and if Debt Securities of a series are issuable in bearer form, the Operating Partnership will be required to maintain at least one paying agent in a place of payment outside the United States where Debt Securities of such series and any coupons appertaining thereto may be presented and surrendered for payment.

MERGER, CONSOLIDATION OR SALE OF ASSETS

The Indenture provides that the Operating Partnership may, without the consent of the holders of any outstanding Debt Securities, consolidate with, or sell, lease or convey all or substantially all of its assets to, or merge with or into, any other entity provided that (a) either the Operating Partnership shall be the continuing entity, or the successor entity (if other than the Operating Partnership) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets is organized under the laws of any domestic jurisdiction and expressly assumes the Operating Partnership's obligations to pay principal of (and premium or Make-Whole Amount, if any) and interest on all of the Debt Securities and the due and punctual performance and observance of all of the covenants and conditions contained in the Indenture; (b) immediately after giving effect to such transaction and treating any indebtedness that becomes an obligation of the Operating Partnership or any subsidiary as a result thereof as having been incurred by the Operating Partnership or such subsidiary at the time of such transaction, no Event of Default under the Indenture, and no event which, after notice or the lapse of time, or both, would become such an Event of Default, shall have occurred and be continuing; and (c) an officers' certificate and legal opinion covering such conditions shall be delivered to each Trustee.

CERTAIN COVENANTS

The applicable Prospectus Supplement will describe any material covenants in respect of a series of Debt Securities that are not described in this Prospectus. Unless otherwise indicated in the applicable Prospectus Supplement, the Debt Securities will include the following covenants of the Operating Partnership:

EXISTENCE. Except as permitted under "--Merger, Consolidation or Sale of Assets," the Indenture requires the Operating Partnership to do or cause to be done all things necessary to preserve and keep in full force and effect its existence, rights and franchises; PROVIDED, HOWEVER, that the Operating Partnership shall not be required to preserve any right or franchise if it determines that the preservation thereof is no longer desirable in the conduct of its business.

MAINTENANCE OF PROPERTIES. The Indenture requires the Operating Partnership to cause all of its material properties used or useful in the conduct of its business or the business of any subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and will cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, all as in the judgment of the Operating Partnership may be necessary so that the business carried on in connection therewith may be properly and advantageously conducted at all times; PROVIDED, HOWEVER, that the Operating Partnership and its subsidiaries shall not be prevented from selling or otherwise disposing of their properties for value in the ordinary course of business.

INSURANCE. The Indenture requires the Operating Partnership to cause each of its and its subsidiaries' insurable properties to be insured against loss or damage at least equal to their then full insurable value with insurers of recognized responsibility and, if described in the applicable Prospectus Supplement, having a specified rating from a recognized insurance rating service.

PAYMENT OF TAXES AND OTHER CLAIMS. The Indenture requires the Operating Partnership to pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon it or any subsidiary or upon the income, profits or property of the Operating Partnership or any subsidiary and (ii) all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon the property of the Operating Partnership or any subsidiary; PROVIDED, HOWEVER, that the Operating Partnership shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith.

EVENTS OF DEFAULT, NOTICE AND WAIVER

Unless otherwise provided in the applicable Prospectus Supplement, the Indenture provides that the following events are "Events of Default" with respect to any series of Debt Securities issued thereunder: (a) default in the payment of any interest on any Debt Security of such series when such interest becomes due and payable that continues for a period of 30 days; (b) default in the payment of the principal of (or premium or Make-Whole Amount, if any, on) any Debt Security of such series when due and payable; (c) default in making any sinking fund payment as required for any Debt Security of such series; (d) default in the performance, or breach, of any other covenant or warranty of the Operating Partnership in the Indenture with respect to the Debt Securities of such series and continuance of such default or breach for a period of 60 days after written notice as provided in the Indenture; (e) default under any bond, debenture, note, mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by the Operating Partnership (or by any subsidiary the repayment of which the Operating Partnership has guaranteed or for which the Operating Partnership is directly responsible or liable as obligor or guarantor) having an aggregate principal amount outstanding of at least \$10,000,000, whether such indebtedness now exists or shall hereafter be created, which default shall have resulted in such indebtedness becoming or being declared due and payable prior

to the date on which it would otherwise have become due and payable, without such indebtedness having been discharged, or such acceleration having been rescinded or annulled, within a period of 10 days after written notice to the Operating Partnership as provided in the Indenture; (f) certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of the Operating Partnership or any Significant Subsidiary; and (g) any other event of default provided with respect to a particular series of Debt Securities. The term "Significant Subsidiary" has the meaning ascribed to such term in Regulation S-X promulgated under the Securities Act.

If an Event of Default under the Indenture with respect to Debt Securities of any series at the time outstanding occurs and is continuing, then in every such case the applicable Trustee or the holders of not less than 25% in principal amount of the Debt Securities of that series will have the right to declare the principal amount (or, if the Debt Securities of that series are Original Issue Discount Securities or indexed securities, such portion of the principal amount as may be specified in the terms thereof) of, and premium or Make-Whole Amount, if any, on, all the Debt Securities of that series to be due and payable immediately by written notice thereof to the Operating Partnership (and to the applicable Trustee if given by the holders); PROVIDED, that in the case of an Event of Default described under clause (f) of the preceding paragraph, acceleration is automatic. However, at any time after such a declaration of acceleration with respect to Debt Securities of such series has been made, but before a judgment or decree for payment of the money due has been obtained by the applicable Trustee, the holders of not less than a majority in principal amount of outstanding Debt Securities of such series may rescind and annul such declaration and its consequences if (a) the Operating Partnership shall have deposited with the applicable Trustee all required payments of the principal of (and premium or Make-Whole Amount, if any) and interest on the Debt Securities of such series, plus certain fees, expenses, disbursements and advances of the applicable Trustee, and (b) all Events of Default, other than the non-payment of accelerated principal (or specified portion thereof and the premium or Make-Whole Amount, if any), with respect to Debt Securities of such series have been cured or waived as provided in the Indenture. The Indenture will also provide that the holders of not less than a majority in principal amount of the outstanding Debt Securities of any series may waive any past default with respect to such series and its consequences, except a default (i) in the payment of the principal of (or premium or Make-Whole Amount, if any) or interest on any Debt Security of such series or (ii) in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each outstanding Debt Security affected thereby.

The Indenture requires each Trustee to give notice to the holders of Debt Securities within 90 days of a default under the Indenture unless such default shall have been cured or waived; PROVIDED, HOWEVER, that such Trustee may withhold notice to the holders of any series of Debt Securities of any default with respect to such series (except a default in the payment of the principal of (or premium or Make-Whole Amount, if any) or interest on any Debt Security of such series or in the payment of any sinking fund installment in respect of any Debt Security of such series) if specified responsible officers of such Trustee consider such withholding to be in the interest of such holders.

The Indenture provides that no holders of Debt Securities of any series may institute any proceedings, judicial or otherwise, with respect to the Indenture or for any remedy thereunder, except in the case of failure of the applicable Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 25% in principal amount of the outstanding Debt Securities of such series, as well as an offer of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of Debt Securities from instituting suit for the enforcement of payment of the principal of (and premium or Make-Whole Amount, if any) and interest on such Debt Securities at the respective due dates or redemption dates thereof.

The Indenture provides that, subject to provisions in the Indenture relating to its duties in case of default, a Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holders of any series of Debt Securities then outstanding under the

Indenture, unless such holders shall have offered to the Trustee thereunder reasonable security or indemnity. The holders of not less than a majority in principal amount of the outstanding Debt Securities of any series (or of all Debt Securities then outstanding under the Indenture, as the case may be) shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable Trustee, or of exercising any trust or power conferred upon such Trustee. However, a Trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve such Trustee in personal liability or which may be unduly prejudicial to the holders of Debt Securities of such series not joining therein.

Within 120 days after the close of each fiscal year, the Operating Partnership will be required to deliver to each Trustee a certificate, signed by one of several specified officers of the Company, stating whether or not such officer has knowledge of any default under the Indenture and, if so, specifying each such default and the nature and status thereof.

MODIFICATION OF THE INDENTURE

Modifications and amendments of the Indenture are permitted to be made only with the consent of the holders of not less than a majority in principal amount of all outstanding Debt Securities issued under the Indenture affected by such modification or amendment; PROVIDED, HOWEVER, that no such modification or amendment may, without the consent of the holder of each such Debt Security affected thereby, (a) change the stated maturity of the principal of, or any installment of interest (or premium or Make-Whole Amount, if any) on, any such Debt Security; (b) reduce the principal amount of, or the rate or amount of interest on, or any premium or Make-Whole Amount payable on redemption of, any such Debt Security, or reduce the amount of principal of an Original Issue Discount Security that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any such Debt Security; (c) change the place of payment, or the coin or currency, for payment of principal of (or premium or Make-Whole Amount, if any) or interest on any such Debt Security; (d) impair the right to institute suit for the enforcement of any payment on or with respect to any such Debt Security; (e) reduce the above-stated percentage of outstanding Debt Securities of any series necessary to modify or amend the Indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture; or (f) modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the holder of such Debt Security.

The holders of a majority in aggregate principal amount of the outstanding Debt Securities of each series may, on behalf of all holders of Debt Securities of that series, waive, insofar as that series is concerned, compliance by the Operating Partnership with certain restrictive covenants of the Indenture.

Modifications and amendments of the Indenture are permitted to be made by the Operating Partnership and the respective Trustee thereunder without the consent of any holder of Debt Securities for any of the following purposes: (a) to evidence the succession of another person to the Operating Partnership as obligor under the Indenture; (b) to add to the covenants of the Operating Partnership for the benefit of the holders of all or any series of Debt Securities or to surrender any right or power conferred upon the Operating Partnership in the Indenture; (c) to add events of default for the benefit of the holders of all or any series of Debt Securities; (d) to add or change any provisions of the Indenture to facilitate the issuance of, or to liberalize certain terms of, Debt Securities in bearer form, or to permit or facilitate the issuance of Debt Securities in uncertificated form, PROVIDED that such action shall not adversely affect the interests of the holders of the Debt Securities of any series in any material respect; (e) to change or eliminate any provisions of the Indenture, PROVIDED that any such change or elimination shall become effective only when there are no Debt Securities outstanding of any series created prior thereto which are entitled to the benefit of such provision; (f) to secure the Debt Securities; (g) to establish

the form or terms of Debt Securities of any series; (h) to provide for the acceptance of appointment by a successor Trustee or facilitate the administration of the trusts under the Indenture by more than one Trustee; (i) to cure any ambiguity, defect or inconsistency in the Indenture, provided that such action shall not adversely affect the interests of holders of Debt Securities of any series issued under the Indenture in any material respect; or (j) to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of such Debt Securities, PROVIDED that such action shall not adversely affect the interests of the holders of the outstanding Debt Securities of any series in any material respect.

The Indenture provides that in determining whether the holders of the requisite principal amount of outstanding Debt Securities of a series have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of Debt Securities, (a) the principal amount of an Original Issue Discount Security that shall be deemed to be Outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon declaration of acceleration of the maturity thereof, (b) the principal amount of any Debt Security denominated in a foreign currency that shall be deemed Outstanding shall be the U.S. dollar equivalent, determined on the issue date for such Debt Security, of the principal amount of such Debt Security (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such Debt Security of the amount determined as provided in (a) above), (c) the principal amount of an indexed security that shall be deemed Outstanding shall be the principal face amount of such indexed security at original issuance, unless otherwise provided with respect to such indexed security pursuant to the Indenture, and (d) Debt Securities owned by the Operating Partnership or any other obligor upon the Debt Securities or any affiliate of the Operating Partnership or of such other obligor shall be disregarded.

The Indenture contains provisions for convening meetings of the holders of Debt Securities of a series. A meeting will be permitted to be called at any time by the applicable Trustee, and also, upon request, by the Operating Partnership or the holders of at least 25% in principal amount of the outstanding Debt Securities of such series, in any such case upon notice given as provided in the Indenture. Except for any consent that must be given by the holder of each Debt Security affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding Debt Securities of that series; PROVIDED, HOWEVER, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority, in principal amount of the outstanding Debt Securities of a series may be adopted at a meeting or adjourned meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding Debt Securities of that series. Any resolution passed or decision taken at any meeting of holders of Debt Securities of any series duly held in accordance with the Indenture will be binding on all holders of Debt Securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding Debt Securities of a series; PROVIDED, HOWEVER, that if any action is to be taken at such meeting with respect to a consent or waiver which may be given by the holders of not less than a specified percentage in principal amount of the outstanding Debt Securities of a series, the persons holding or representing such specified percentage in principal amount of the outstanding Debt Securities of such series will constitute a quorum.

Notwithstanding the foregoing provisions, the Indenture provides that if any action is to be taken at a meeting of holders of Debt Securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver and other action that the Indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all outstanding Debt Securities affected thereby, or of the holders of such series and one or more additional series: (a) there

shall be no minimum quorum requirement for such meeting, and (b) the principal amount of the outstanding Debt Securities of such series that vote in favor of such request, demand, authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture.

DISCHARGE, DEFEASANCE AND COVENANT DEFEASANCE

Unless otherwise indicated in the applicable Prospectus Supplement, the Operating Partnership will be permitted, at its option, to discharge certain obligations to holders of any series of Debt Securities issued under the Indenture that have not already been delivered to the applicable Trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the applicable Trustee, in trust, funds in such currency or currencies, currency unit or units or composite currency or currencies in which such Debt Securities are payable in an amount sufficient to pay the entire indebtedness on such Debt Securities in respect of principal (and premium or Make-Whole Amount, if any) and interest to the date of such deposit (if such Debt Securities have become due and payable) or to the stated maturity or redemption date, as the case may be.

The Indenture provides that, unless otherwise indicated in the applicable Prospectus Supplement, the Operating Partnership may elect either (a) to defease and be discharged from any and all obligations with respect to such Debt Securities (except for the obligation to pay additional amounts, if any, upon the occurrence of certain events of tax, assessment or governmental charge with respect to payments on such Debt Securities and the obligations to register the transfer or exchange of such Debt Securities, to replace temporary or mutilated, destroyed, lost or stolen Debt Securities, to maintain an office or agency in respect of such Debt Securities, and to hold moneys for payment in trust) ("defeasance") or (b) to be released from certain obligations with respect to such Debt Securities under the Indenture (including the restrictions described under "--Certain Covenants") or, if provided in the applicable Prospectus Supplement, its obligations with respect to any other covenant, and any omission to comply with such obligations shall not constitute an Event of Default with respect to such Debt Securities ("covenant defeasance"), in either case upon the irrevocable deposit by the Operating Partnership with the applicable Trustee, in trust, of an amount, in such currency or currencies, currency unit or units or composite currency or currencies in which such Debt Securities are payable at stated maturity, or Government Obligations (as defined below), or both, applicable to such Debt Securities, which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium or Make-Whole Amount, if any) and interest on such Debt Securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor.

Such a trust will only be permitted to be established if, among other things, the Operating Partnership has delivered to the applicable Trustee an opinion of counsel (as specified in the Indenture) to the effect that the holders of such Debt Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling received from the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the Indenture. In the event of such defeasance, the holders of such Debt Securities would thereafter be able to look only to such trust fund for payment of principal (and premium or Make-Whole Amount, if any) and interest.

"Government Obligations" means securities that are (a) direct obligations of the United States of America or the government which issued the foreign currency in which the Debt Securities of a particular series are payable, for the payment of which its full faith and credit is pledged or (b) obligations of a person

controlled or supervised by and acting as an agency or instrumentality of the United States of America or such government which issued the foreign currency in which the Debt Securities of such series are payable, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America or such other government, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank or trust company as custodian with respect to any such Government Obligation or a specific payment of interest on or principal of any such Government Obligation held by such custodian for the account of the holder of a depository receipt, provided that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by such depository receipt.

Unless otherwise provided in the applicable Prospectus Supplement, if after the Operating Partnership has deposited funds and/or Government Obligations to effect defeasance or covenant defeasance with respect to Debt Securities of any series, (a) the holder of a Debt Security of such series is entitled to, and does, elect pursuant to the Indenture or the terms of such Debt Security to receive payment in a currency, currency unit or composite currency other than that in which such deposit has been made in respect of such Debt Security, or (b) a Conversion Event (as defined below) occurs in respect of the currency, currency unit or composite currency in which such deposit has been made, the indebtedness represented by such Debt Security will be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of (and premium or Make-Whole Amount, if any) and interest on such Debt Security as they become due out of the proceeds yielded by converting the amount so deposited in respect of such Debt Security into the currency, currency unit or composite currency in which such Debt Security becomes payable as a result of such election or such cessation of usage based on the applicable market exchange rate. "Conversion Event" means the cessation of use of (i) a currency, currency unit or composite currency both by the government of the country which issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community, (ii) the ECU both within the European Monetary System and for the settlement of transactions by public institutions of or within the European Communities or (iii) any currency unit or composite currency other than the ECU for the purposes for which it was established. Unless otherwise provided in the applicable Prospectus Supplement, all payments of principal of (and premium or Make-Whole Amount, if any) and interest on any Debt Security that is payable in a foreign currency that ceases to be used by its government of issuance shall be made in U.S. dollars.

In the event the Operating Partnership effects covenant defeasance with respect to any Debt Securities and such Debt Securities are declared due and payable because of the occurrence of any Event of Default other than the Event of Default described in clause (d) under "--Events of Default, Notice and Waiver" with respect to specified sections of the Indenture (which sections would no longer be applicable to such Debt Securities) or described in clause (g) under "--Events of Default, Notice and Waiver" with respect to any other covenant as to which there has been covenant defeasance, the amount in such currency, currency unit or composite currency in which such Debt Securities are payable, and Government Obligations on deposit with the applicable Trustee, will be sufficient to pay amounts due on such Debt Securities at the time of their stated maturity but may not be sufficient to pay amounts due on such Debt Securities at the time of the acceleration resulting from such Event of Default. However, the Operating Partnership would remain liable to make payment of such amounts due at the time of acceleration.

The applicable Prospectus Supplement may further describe the provisions, if any, permitting such defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the Debt Securities of or within a particular series.

NO CONVERSION RIGHTS

The Debt Securities will not be convertible into or exchangeable for any capital stock of the Company or equity interest in the Operating Partnership.

GLOBAL SECURITIES

The Debt Securities of a series may be issued in whole or in part in book-entry form consisting of one or more global securities (the "Global Securities") that will be deposited with, or on behalf of, a depository (the "Depository") identified in the applicable Prospectus Supplement relating to such series. Global Securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a series of Debt Securities will be described in the applicable Prospectus Supplement relating to such series.

PAYMENT AND PAYING AGENTS

Unless otherwise specified in the applicable Prospectus Supplement, the principal of (and applicable premium or Make-Whole Amount, if any) and interest on any series of Debt Securities will be payable at the corporate trust office of the Trustee, the address of which will be stated in the applicable Prospectus Supplement; provided that, at the option of the Operating Partnership, payment of interest may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register for such Debt Securities or by wire transfer of funds to such person at an account maintained within the United States.

All moneys paid by the Operating Partnership to a paying agent or a Trustee for the payment of the principal of or any premium, Make-Whole Amount or interest on any Debt Security which remain unclaimed at the end of two years after such principal, premium, Make-Whole Amount or interest has become due and payable will be repaid to the Operating Partnership, and the holder of such Debt Security thereafter may look only to the Operating Partnership for payment thereof.

DESCRIPTION OF PREFERRED STOCK

The description of the Preferred Stock set forth below does not purport to be complete and is qualified in its entirety by reference to the Company's Amended and Restated Articles of Incorporation, as amended (the "Articles of Incorporation"), and Amended and Restated Bylaws (the "Bylaws"). All material terms of the Preferred Shares, except those disclosed in the applicable Prospectus Supplement, are described in this Prospectus.

GENERAL

Under the Articles of Incorporation, the Company has authority to issue 10 million shares of Preferred Stock, par value \$.01 per share. The Preferred Stock may be issued from time to time, in one or more series, as authorized by the Board of Directors of the Company. Prior to issuance of shares of each series, the Board of Directors is required by the Maryland General Corporation Law ("MGCL") and the Articles of Incorporation to fix for each series, subject to the provisions of the Articles of Incorporation regarding excess stock, \$.01 par value per share ("Excess Stock"), the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption of such shares as may be permitted by Maryland law. Such rights, powers, restrictions and limitations could include the right to receive specified dividend payments and payments on liquidation prior to any such payments to holders of Common Stock or other capital stock of the Company ranking junior to the Preferred Stock. The outstanding shares of Preferred Stock are, and additional shares of Preferred Stock will be, when issued, fully paid and nonassessable and will have no preemptive rights. The Board of Directors could authorize the issuance of shares of Preferred Stock with terms and conditions that could have the effect of discouraging a takeover or other transaction that holders

of Common Stock might believe to be in their best interests or in which holders of some, or a majority, of the shares of Common Stock might receive a premium for their shares over the then market price of such shares of Common Stock.

OUTSTANDING PREFERRED STOCK

At March 31, 1997, the Company had outstanding 1,650,000 shares of 9 1/2% Series A Preferred Stock, \$.01 par value ("Series A Preferred Stock"), constituting all of the Company's then outstanding Preferred Stock. The terms of the Series A Preferred Stock provide for a preference as to the payment of dividends over shares of Common Stock and any other capital stock ranking junior to the Series A Preferred Stock, and for cumulative quarterly dividends at the rate of \$2.375 per share per year. On and after November 17, 2000, the Series A Preferred Stock is subject to redemption, in whole or in part, at the option of the Company, at a cash redemption price of \$25.00 per share, plus accrued and unpaid dividends.

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of the Series A Preferred Stock will be entitled to receive out of the Company's assets available for distribution to stockholders, before any distribution of assets is made to holders of Common Stock or any other shares of capital stock ranking as to such distributions junior to the Series A Preferred Stock, liquidating distributions in the amount of \$25.00 per share, plus all accrued and unpaid dividends.

The Series A Preferred Stock is also entitled to the benefits of a Guarantee and Payment Agreement between First Industrial Securities, L.P. ("Securities, L.P.") and its general partner, First Industrial Securities Corporation (each a subsidiary of the Company), for the benefit of American National Bank and Trust Company of Chicago as Guarantee Agent thereunder (the "Guarantee Agreement") pursuant to which Securities, L.P. has guaranteed, subject to the terms of the Guarantee Agreement, dividends on, and redemption and liquidation payments with respect to, the Series A Preferred Stock. No other Preferred Stock of the Company will be entitled to the benefits of the Guarantee Agreement.

Except as expressly required by law and in certain other limited circumstances, the holders of the Series A Preferred Stock are not entitled to vote. The consent of holders of at least 66% of the outstanding Series A Preferred Stock and any other series of Preferred Stock ranking on a parity therewith, voting as a single class, is required to authorize another class of shares senior to such Preferred Stock. The affirmative vote or consent of the holders of at least 66% of the outstanding shares of Series A Preferred Stock is required to amend or repeal any provision of, or add any provision to, the Articles of Incorporation, including the Articles Supplementary relating to the Series A Preferred Stock, if such action would materially and adversely alter or change the rights, preferences or privileges of the Series A Preferred Stock.

FUTURE SERIES OF PREFERRED STOCK

The following description of the Preferred Stock sets forth certain general terms and provisions of the Preferred Stock to which any Prospectus Supplement may relate. The statements below describing the Preferred Stock are in all respects subject to and qualified in their entirety by reference to the applicable provisions of the Articles of Incorporation and Bylaws and any applicable amendment to the Articles of Incorporation designating terms of a series of Preferred Stock (a "Designating Amendment").

Reference is made to the Prospectus Supplement relating to the Preferred Stock offered thereby for specific terms, including:

- (1) The title and stated value of such Preferred Stock;
- (2) The number of shares of such Preferred Stock offered, the liquidation preference per share and the offering price of such Preferred Stock;

- (3) The dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation thereof applicable to such Preferred Stock;
- (4) The date from which dividends on such Preferred Stock shall accumulate, if applicable;
- (5) The procedures for any auction and remarketing, if any, for such Preferred Stock;
- (6) The provision for a sinking fund, if any, for such Preferred Stock;
- (7) The provision for redemption, if applicable, of such Preferred Stock;
- (8) Any listing of such Preferred Stock on any securities exchange;
- (9) The terms and conditions, if applicable, upon which such Preferred Stock will be convertible into Common Stock, including the conversion price (or manner of calculation thereof);
- (10) Any other specific terms, preferences, rights, limitations or restrictions of such Preferred Stock;
- (11) A discussion of federal income tax considerations applicable to such Preferred Stock;
- (12) The relative ranking and preference of such Preferred Stock as to dividend rights and rights upon liquidation, dissolution or winding up of the affairs of the Company;

- (14) Any limitations on direct or beneficial ownership and restrictions on transfer, in each case as may be appropriate to preserve the status of the Company as a REIT.

RANK

Unless otherwise specified in the Prospectus Supplement, the Preferred Stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of the Company, rank (i) senior to all classes or series of Common Stock, and to all equity securities ranking junior to such Preferred Stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of the Company; (ii) on a parity with all equity securities issued by the Company the terms of which specifically provide that such equity securities rank on a parity with the Preferred Stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of the Company; and (iii) junior to all equity securities issued by the Company the terms of which specifically provide that such equity securities rank senior to the Preferred Stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of the Company. The term "equity securities" does not include convertible debt securities.

DIVIDENDS

Holders of the Preferred Stock of each series will be entitled to receive, when, as and if declared by the Board of Directors of the Company, out of assets of the Company legally available for payment, cash dividends at such rates and on such dates as will be set forth in the applicable Prospectus Supplement. Each such dividend shall be payable to holders of record as they appear on the share transfer books of the Company on such record dates as shall be fixed by the Board of Directors of the Company.

Dividends on any series of the Preferred Stock may be cumulative or non-cumulative, as provided in the applicable Prospectus Supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable Prospectus Supplement. If the Board of Directors of the Company fails to declare a dividend payable on a dividend payment date on any series of the Preferred Stock for which dividends are non-cumulative, then the holders of such series of the Preferred Stock will have no right to receive a dividend in respect of the dividend period ending on such dividend payment date, and the

Company will have no obligation to pay the dividend accrued for such period, whether or not dividends on such series are declared payable on any future dividend payment date.

If Preferred Stock of any series is outstanding, no dividends will be declared or paid or set apart for payment on any capital stock of the Company of any other series ranking, as to dividends, on a parity with or junior to the Preferred Stock of such series for any period unless (i) if such series of Preferred Stock has a cumulative dividend, full cumulative dividends have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for such payment on the Preferred Stock of such series for all past dividend periods and the then current dividend period or (ii) if such series of Preferred Stock does not have a cumulative dividend, full dividends for the then current dividend period have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for such payment on the Preferred Stock of such series. When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon Preferred Stock of any series and the shares of any other series of Preferred Stock ranking on a parity as to dividends with the Preferred Stock of such series, all dividends declared upon Preferred Stock of such series and any other series of Preferred Stock ranking on a parity as to dividends with such Preferred Stock shall be declared PRO RATA so that the amount of dividends declared per share of Preferred Stock of such series and such other series of Preferred Stock shall in all cases bear to each other the same ratio that accrued dividends per share on the Preferred Stock of such series (which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if such Preferred Stock does not have a cumulative dividend) and such other series of Preferred Stock bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on Preferred Stock of such series which may be in arrears.

Except as provided in the immediately preceding paragraph, unless (i) if such series of Preferred Stock has a cumulative dividend, full cumulative dividends on the Preferred Stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment for all past dividend periods and the then current dividend period, and (ii) if such series of Preferred Stock does not have a cumulative dividend, full dividends on the Preferred Stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment for the then current dividend period, no dividends (other than in shares of Common Stock or other shares of capital stock ranking junior to the Preferred Stock of such series as to dividends and upon liquidation) shall be declared or paid or set aside for payment nor shall any other distribution be declared or made upon the Common Stock, or any other capital stock of the Company ranking junior to or on a parity with the Preferred Stock of such series as to dividends or upon liquidation, nor shall any shares of Common Stock, or any other shares of capital stock of the Company ranking junior to or on a parity with the Preferred Stock of such series as to dividends or upon liquidation be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any such shares) by the Company (except by conversion into or exchange for other capital stock of the Company ranking junior to the Preferred Stock of such series as to dividends and upon liquidation).

Any dividend payment made on shares of a series of Preferred Stock shall first be credited against the earliest accrued but unpaid dividend due with respect to shares of such series which remains payable.

REDEMPTION

If so provided in the applicable Prospectus Supplement, the Preferred Stock will be subject to mandatory redemption or redemption at the option of the Company, as a whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in such Prospectus Supplement.

The Prospectus Supplement relating to a series of Preferred Stock that is subject to mandatory redemption will specify the number of shares of such Preferred Stock that shall be redeemed by the Company in each year commencing after a date to be specified, at a redemption price per share to be

specified, together with an amount equal to all accrued and unpaid dividends thereon (which shall not, if such Preferred Stock does not have a cumulative dividend, include any accumulation in respect of unpaid dividends for prior dividend periods) to the date of redemption. The redemption price may be payable in cash or other property, as specified in the applicable Prospectus Supplement. If the redemption price for Preferred Stock of any series is payable only from the net proceeds of the issuance of shares of capital stock of the Company, the terms of such Preferred Stock may provide that, if no such shares of capital stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, such Preferred Stock shall automatically and mandatorily be converted into the applicable shares of capital stock of the Company pursuant to conversion provisions specified in the applicable Prospectus Supplement.

Notwithstanding the foregoing, unless (i) if a series of Preferred Stock has a cumulative dividend, full cumulative dividends on all shares of such series of Preferred Stock shall have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, and (ii) if a series of Preferred Stock does not have a cumulative dividend, full dividends on all shares of the Preferred Stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period, no shares of such series of Preferred Stock shall be redeemed unless all outstanding shares of Preferred Stock of such series are simultaneously redeemed; PROVIDED, HOWEVER, that the foregoing shall not prevent the purchase or acquisition of Preferred Stock of such series to preserve the REIT status of the Company or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Preferred Stock of such series. In addition, unless (i) if such series of Preferred Stock has a cumulative dividend, full cumulative dividends on all outstanding shares of such series of Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, and (ii) if such series of Preferred Stock does not have a cumulative dividend, full dividends on the Preferred stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period, the Company shall not purchase or otherwise acquire directly or indirectly any shares of Preferred Stock of such series (except by conversion into or exchange for capital shares of the Company ranking junior to the Preferred Stock of such series as to dividends and upon liquidation); PROVIDED, HOWEVER, that the foregoing shall not prevent the purchase or acquisition of shares of Preferred Stock of such series to preserve the REIT status of the Company or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Preferred Stock of such series.

If fewer than all of the outstanding shares of Preferred Stock of any series are to be redeemed, the number of shares to be redeemed will be determined by the Company and such shares may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held or for which redemption is requested by such holder (with adjustments to avoid redemption of fractional shares) or by any other equitable manner determined by the Company.

Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of Preferred Stock of any series to be redeemed at the address shown on the stock transfer books of the Company. Each notice shall state: (i) the redemption date; (ii) the number of shares and series of the Preferred Stock to be redeemed; (iii) the redemption price; (iv) the place or places where certificates for such Preferred Stock are to be surrendered for payment of the redemption price; (v) that dividends on the shares to be redeemed will cease to accrue on such redemption date; and (vi) the date upon which the holder's conversion rights, if any, as to such shares shall terminate. If fewer than all the shares of Preferred Stock of any series are to be redeemed, the notice mailed to each such holder thereof shall also specify the number of shares of Preferred Stock to be redeemed from each such holder. If notice of redemption of any Preferred Stock has been given and if the funds necessary for such redemption have been set aside by the Company in trust for the benefit of the holders of any Preferred

Stock so called for redemption, then from and after the redemption date dividends will cease to accrue on such Preferred Stock, and all rights of the holders of such shares will terminate, except the right to receive the redemption price.

LIQUIDATION PREFERENCE

Upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company, then, before any distribution or payment shall be made to the holders of any Common Stock or any other class or series of capital stock of the Company ranking junior to the Preferred Stock in the distribution of assets upon any liquidation, dissolution or winding up of the Company, the holders of each series of Preferred Stock shall be entitled to receive out of assets of the Company legally available for distribution to stockholders liquidating distributions in the amount of the liquidation preference per share, if any, set forth in the applicable Prospectus Supplement, plus an amount equal to all dividends accrued and unpaid thereon (which shall not include any accumulation in respect of unpaid noncumulative dividends for prior dividend periods). After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Preferred Stock will have no right or claim to any of the remaining assets of the Company. In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, the available assets of the Company are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Preferred Stock and the corresponding amounts payable on all shares of other classes or series of capital stock of the Company ranking on a parity with the Preferred Stock in the distribution of assets, then the holders of the Preferred Stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions shall have been made in full to all holders of Preferred Stock, the remaining assets of the Company shall be distributed among the holders of any other classes or series of capital stock ranking junior to the Preferred Stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For such purposes, the consolidation or merger of the Company with or into any other corporation, trust or entity, or the sale, lease or conveyance of all or substantially all of the property or business of the Company, shall not be deemed to constitute a liquidation, dissolution or winding up of the Company.

VOTING RIGHTS

Holders of the Preferred Stock will not have any voting rights, except as set forth below or as otherwise from time to time required by law or as indicated in the applicable Prospectus Supplement.

Unless provided otherwise for any series of Preferred Stock, so long as any shares of Preferred Stock of a series remain outstanding, the Company will not, without the affirmative vote or consent of the holders of at least two-thirds of the shares of such series of Preferred Stock outstanding at the time, given in person or by proxy, either in writing or at a meeting (such series voting separately as a class), (i) authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking prior to such series of Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any authorized capital stock of the Company into such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (ii) amend, alter or repeal the provisions of the Company's Articles of Incorporation or the Designating Amendment for such series of Preferred Stock, whether by merger, consolidation or otherwise (an "Event"), so as to materially and adversely affect any right, preference, privilege or voting power of such series of Preferred Stock or the holders thereof; PROVIDED, HOWEVER, with respect to the occurrence of any of the Events set forth in (ii) above, so long as the Preferred Stock remains outstanding with the terms thereof materially unchanged, taking into account that upon the occurrence of an Event the Company may not be the surviving entity, the occurrence of any such Event shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting

power of holders of Preferred Stock, and PROVIDED FURTHER that (x) any increase in the amount of the authorized Preferred Stock or the creation or issuance of any other series of Preferred Stock, or (y) any increase in the amount of authorized shares of such series or any other series of Preferred Stock, in each case ranking on a parity with or junior to the Preferred Stock of such series with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of such series of Preferred Stock shall have been redeemed or called for redemption and sufficient funds shall have been deposited in trust to effect such redemption.

CONVERSION RIGHTS

The terms and conditions, if any, upon which any series of Preferred Stock is convertible into Common Stock will be set forth in the applicable Prospectus Supplement relating thereto. Such terms will include the number of shares of Common Stock into which the shares of Preferred Stock are convertible, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at the option of the holders of the Preferred Stock or the Company, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such series of Preferred Stock.

RESTRICTIONS ON OWNERSHIP

For the Company to qualify as a REIT under the Code, not more than 50% in value of its outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. To assist the Company in meeting this requirement, the Company may take certain actions to limit the beneficial ownership, directly or indirectly, by individuals of the Company's outstanding equity securities, including any Preferred Stock. Therefore, the Designating Amendment for each series of Preferred Stock may contain provisions restricting the ownership and transfer of the Preferred Stock. The applicable Prospectus Supplement will specify any additional ownership limitation relating to a series of Preferred Stock. See "Restrictions on Transfers of Capital Stock."

TRANSFER AGENT

The transfer agent and registrar for the Preferred Stock will be set forth in the applicable Prospectus Supplement.

DESCRIPTION OF DEPOSITARY SHARES

The Company may, at its option, elect to offer Depositary Shares rather than full shares of Preferred Stock. In the event such option is exercised, each of the Depositary Shares will represent ownership of and entitlement to all rights and preferences of a fraction of a share of Preferred Stock of a specified series (including dividend, voting, redemption and liquidation rights). The applicable fraction will be specified in the Prospectus Supplement. The shares of Preferred Stock represented by the Depositary Shares will be deposited with a Depositary (the "Depositary") named in the applicable Prospectus Supplement, under a Deposit Agreement (the "Deposit Agreement"), among the Company, the Depositary and the holders of the Depositary Receipts. Certificates evidencing Depositary Shares ("Depositary Receipts") will be delivered to those persons purchasing Depositary Shares in the offering. The Depositary will be the transfer agent, registrar and dividend disbursing agent for the Depositary Shares. Holders of Depositary Receipts agree to be bound by the Deposit Agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

The summary of terms of the Depositary Shares contained in this Prospectus does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of the Deposit Agreement, the Articles of Incorporation and the form of Designating Amendment for the applicable series of Preferred Stock. All material terms of the Depositary Shares, except those disclosed in the applicable Prospectus Supplement, are described in this Prospectus.

DIVIDENDS

The Depositary will distribute all cash dividends or other cash distributions received in respect of the series of Preferred Stock represented by the Depositary Shares to the record holders of Depositary Receipts in proportion to the number of Depositary Shares owned by such holders on the relevant record date, which will be the same date as the record date fixed by the Company for the applicable series of Preferred Stock. The Depositary, however, will distribute only such amount as can be distributed without attributing to any Depositary Share a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the Depositary for distribution to record holders of Depositary Receipts then outstanding.

In the event of a distribution other than in cash, the Depositary will distribute property received by it to the record holders of Depositary Receipts entitled thereto, in proportion, as nearly as may be practicable, to the number of Depositary Shares owned by such holders on the relevant record date, unless the Depositary determines (after consultation with the Company) that it is not feasible to make such distribution, in which case the Depositary may (with the approval of the Company) adopt any other method for such distribution as it deems equitable and appropriate, including the sale of such property (at such place or places and upon such terms as it may deem equitable and appropriate) and distribution of the net proceeds from such sale to such holders.

No distribution will be made in respect of any Depositary Share to the extent that it represents any Preferred Stock converted into Excess Stock.

LIQUIDATION PREFERENCE

In the event of the liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of each Depositary Share will be entitled to the fraction of the liquidation preference accorded each share of the applicable series of Preferred Stock, as set forth in the Prospectus Supplement.

REDEMPTION

If the series of Preferred Stock represented by the applicable series of Depositary Shares is redeemable, such Depositary Shares will be redeemed from the proceeds received by the Depositary resulting from the redemption, in whole or in part, of Preferred Stock held by the Depositary. Whenever the Company redeems any Preferred Stock held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares representing the Preferred Stock so redeemed. The Depositary will mail the notice of redemption promptly upon receipt of such notice from the Company and not less than 30 nor more than 60 days prior to the date fixed for redemption of the Preferred Stock and the Depositary Shares to the record holders of the Depositary Receipts.

VOTING

Promptly upon receipt of notice of any meeting at which the holders of the series of Preferred Stock represented by the applicable series of Depositary Shares are entitled to vote, the Depositary will mail the information contained in such notice of meeting to the record holders of the Depositary Receipts as of the record date for such meeting. Each such record holder of Depositary Receipts will be entitled to instruct the Depositary as to the exercise of the voting rights pertaining to the number of shares of Preferred Stock represented by such record holder's Depositary Shares. The Depositary will endeavor, insofar as practicable, to vote such Preferred Stock represented by such Depositary Shares in accordance with such instructions, and the Company will agree to take all action which may be deemed necessary by the Depositary in order to enable the Depositary to do so. The Depositary will abstain from voting any of the Preferred Stock to the extent that it does not receive specific instructions from the holders of Depositary Receipts.

WITHDRAWAL OF PREFERRED STOCK

Upon surrender of Depositary Receipts at the principal office of the Depositary, upon payment of any unpaid amount due the Depositary, and subject to the terms of the Deposit Agreement, the owner of the Depositary Shares evidenced thereby is entitled to delivery of the number of whole shares of Preferred Stock and all money and other property, if any, represented by such Depositary Shares. Partial shares of Preferred Stock will not be issued. If the Depositary Receipts delivered by the holder evidence a number of Depositary Shares in excess of the number of Depositary Shares representing the number of whole shares of Preferred Stock to be withdrawn, the Depositary will deliver to such holder at the same time a new Depositary Receipt evidencing such excess number of Depositary Shares. Holders of Preferred Stock thus withdrawn will not thereafter be entitled to deposit such shares under the Deposit Agreement or to receive Depositary Receipts evidencing Depositary Shares therefor.

AMENDMENT AND TERMINATION OF DEPOSIT AGREEMENT

The form of Depositary Receipt evidencing the Depositary Shares and any provision of the Deposit Agreement may at any time and from time to time be amended by agreement between the Company and the Depositary. However, any amendment which materially and adversely alters the rights of the holders (other than any change in fees) of Depositary Shares will not be effective unless such amendment has been approved by at least a majority of the Depositary Shares then outstanding. No such amendment may impair the right, subject to the terms of the Deposit Agreement, of any owner of any Depositary Shares to surrender the Depositary Receipt evidencing such Depositary Shares with instructions to the Depositary to deliver to the holder the Preferred Stock and all money and other property, if any, represented thereby, except in order to comply with mandatory provisions of applicable law.

The Deposit Agreement will be permitted to be terminated by the Company upon not less than 30 days prior written notice to the applicable Depositary if (i) such termination is necessary to preserve the Company's status as a REIT or (ii) a majority of each series of Preferred Stock affected by such termination consents to such termination, whereupon such Depositary will be required to deliver or make available to each holder of Depositary Receipts, upon surrender of the Depositary Receipts held by such holder, such number of whole or fractional shares of Preferred Stock as are represented by the Depositary Shares evidenced by such Depositary Receipts together with any other property held by such Depositary with respect to such Depositary Receipts. The Company will agree that if the Deposit Agreement is terminated to preserve the Company's status as a REIT, then the Company will use its best efforts to list the Preferred Stock issued upon surrender of the related Depositary Shares on a national securities exchange. In addition, the Deposit Agreement will automatically terminate if (i) all outstanding Depositary Shares thereunder shall have been redeemed, (ii) there shall have been a final distribution in respect of the related Preferred Stock in connection with any liquidation, dissolution or winding up of the Company and such distribution shall have been distributed to the holders of Depositary Receipts evidencing the

Depository Shares representing such Preferred Stock or (iii) each share of the related Preferred Stock shall have been converted into stock of the Company not so represented by Depository Shares.

CHARGES OF DEPOSITARY

The Company will pay all transfer and other taxes and governmental charges arising solely from the existence of the depository arrangements. The Company will pay charges of the Depository in connection with the initial deposit of the Preferred Stock and initial issuance of the Depository Shares, and redemption of the Preferred Stock and all withdrawals of Preferred Stock by owners of Depository Shares. Holders of Depository Receipts will pay transfer, income and other taxes and governmental charges and certain other charges as are provided in the Deposit Agreement to be for their accounts. In certain circumstances, the Depository may refuse to transfer Depository Shares, may withhold dividends and distributions and sell the Depository Shares evidenced by such Depository Receipt if such charges are not paid.

MISCELLANEOUS

The Depository will forward to the holders of Depository Receipts all reports and communications from the Company which are delivered to the Depository and which the Company is required to furnish to the holders of the Preferred Stock. In addition, the Depository will make available for inspection by holders of Depository Receipts at the principal office of the Depository, and at such other places as it may from time to time deem advisable, any reports and communications received from the Company which are received by the Depository as the holder of Preferred Stock.

Neither the Depository nor the Company assumes any obligation or will be subject to any liability under the Deposit Agreement to holders of Depository Receipts other than for its negligence or willful misconduct. Neither the Depository nor the Company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the Deposit Agreement. The obligations of the Company and the Depository under the Deposit Agreement will be limited to performance in good faith of their duties thereunder, and they will not be obligated to prosecute or defend any legal proceeding in respect of any Depository Shares or Preferred Stock unless satisfactory indemnity is furnished. The Company and the Depository may rely on written advice of counsel or accountants, on information provided by holders of the Depository Receipts or other persons believed in good faith to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

In the event the Depository shall receive conflicting claims, requests or instructions from any holders of Depository Receipts, on the one hand, and the Company, on the other hand, the Depository shall be entitled to act on such claims, requests or instructions received from the Company.

RESIGNATION AND REMOVAL OF DEPOSITARY

The Depository may resign at any time by delivering to the Company notice of its election to do so, and the Company may at any time remove the Depository, any such resignation or removal to take effect upon the appointment of a successor Depository and its acceptance of such appointment. Such successor Depository must be appointed within 60 days after delivery of the notice for resignation or removal and must be a bank or trust company having its principal office in the United States of America and having a combined capital and surplus of at least \$150,000,000.

FEDERAL INCOME TAX CONSEQUENCES

Owners of Depository Shares will be treated for Federal income tax purposes as if they were owners of the Preferred Stock represented by such Depository Shares. Accordingly, such owners will be entitled to

take into account, for Federal income tax purposes, income and deductions to which they would be entitled if they were holders of such Preferred Stock. In addition, (i) no gain or loss will be recognized for Federal income tax purposes upon the withdrawal of Preferred Stock in exchange for Depositary Shares, (ii) the tax basis of each share of Preferred Stock to an exchanging owner of Depositary Shares will, upon such exchange, be the same as the aggregate tax basis of the Depositary Shares exchanged therefor, and (iii) the holding period for Preferred Stock in the hands of an exchanging owner of Depositary Shares will include the period during which such person owned such Depositary Shares.

DESCRIPTION OF COMMON STOCK

The description of the Company's Common Stock set forth below does not purport to be complete and is qualified in its entirety by reference to the Articles of Incorporation and the Bylaws. All material terms of the Company's Common Stock are included in this Prospectus.

GENERAL

Under the Articles of Incorporation, the Company has authority to issue 100 million shares of Common Stock, par value \$.01 per share. Under Maryland law, stockholders generally are not responsible for the corporation's debts or obligations. At March 31, 1997, the Company had outstanding 30,081,117 shares of Common Stock.

TERMS

Subject to the preferential rights of any other shares or series of stock (including Preferred Stock outstanding from time to time) and to the provisions of the Articles of Incorporation regarding Excess Stock, holders of shares of Common Stock will be entitled to receive dividends on shares of Common Stock if, as and when authorized and declared by the Board of Directors of the Company out of assets legally available therefor and to share ratably in the assets of the Company legally available for distribution to its stockholders in the event of its liquidation, dissolution or winding up after payment of, or adequate provision for, all known debts and liabilities of the Company.

Subject to the provisions of the Articles of Incorporation regarding Excess Stock, each outstanding share of Common Stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of Directors, and, except as otherwise required by law or except as provided with respect to any other class or series of stock, the holders of Common Stock will possess the exclusive voting power. There is no cumulative voting in the election of Directors, which means that the holders of a majority of the outstanding shares of Common Stock can elect all of the Directors then standing for election, and the holders of the remaining shares of Common Stock will not be able to elect any Directors.

Holders of Common Stock have no conversion, sinking fund or redemption rights, or preemptive rights to subscribe for any securities of the Company.

Subject to the provisions of the Articles of Incorporation regarding Excess Stock, all shares of Common Stock will have equal dividend, distribution, liquidation and other rights, and will have no preference, appraisal or exchange rights.

Pursuant to the MGCL, a corporation generally cannot dissolve, amend its Articles of Incorporation, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter unless a lesser percentage (but not less than a majority of all of the votes to be cast on the matter) is set forth in the corporation's Articles of Incorporation. The Articles of Incorporation do not provide for a lesser percentage in such situations.

RESTRICTIONS ON OWNERSHIP

For the Company to qualify as a REIT under the Code, not more than 50% in value of its outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. To assist the Company in meeting this requirement, the Company may take certain actions to limit the beneficial ownership, directly or indirectly, by individuals of the Company's outstanding equity securities. See "Restrictions on Transfers of Capital Stock."

TRANSFER AGENT

The transfer agent and registrar for the Common Stock is KeyCorp Shareholder Services, Inc. of Cleveland, Ohio.

CERTAIN PROVISIONS OF MARYLAND LAW AND THE COMPANY'S ARTICLES OF INCORPORATION AND BYLAWS

The following summary of certain provisions of Maryland law and the Company's Articles of Incorporation and Bylaws does not purport to be complete and is qualified by reference to Maryland law and the Company's Articles of Incorporation and Bylaws.

BUSINESS COMBINATIONS

Under the MGCL, certain "business combinations" (including a merger, consolidation, share exchange or, in certain circumstances, an asset transfer or issuance or reclassification of equity securities) between a Maryland corporation and an Interested Stockholder or in certain circumstances, an associate or an affiliate thereof are prohibited for five years after the most recent date on which the Interested Stockholder became an Interested Stockholder. Thereafter, any such business combination must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least (a) 80% of the vote entitled to be cast by holders of outstanding voting shares of the corporation and (b) two-thirds of the vote entitled to be cast by holders of outstanding voting shares of the corporation other than shares held by the Interested Stockholder with whom the business combination is to be effected, unless, among other things, the corporation's stockholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the Interested Stockholder for its shares. These provisions of Maryland law do not apply, however, to business combinations that are approved or exempted by the board of directors of the corporation prior to the time that the Interested Stockholder becomes an Interested Stockholder. The Articles of Incorporation exempt from these provisions of the MGCL any business combination in which there is no Interested Stockholder other than Mr. Shidler or any entity controlled by Mr. Shidler unless Mr. Shidler is an Interested Stockholder without taking into account Mr. Shidler's ownership of shares of the Company's Common Stock and the right to acquire shares of the Company's Common Stock in an aggregate amount which does not exceed the number of shares of the Company's Common Stock which Mr. Shidler owned and had the right to acquire (including through the exchange of Units) at the time of the consummation of the Company's initial public offering.

CONTROL SHARE ACQUISITIONS

The MGCL provides that "control shares" of a Maryland corporation acquired in a "control share acquisition" have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter, excluding shares of stock owned by the acquiror or by officers or directors who are employees of the corporation. "Control shares" are voting shares of stock that, if aggregated, with all other shares of stock previously acquired by that person, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power; (i) one-fifth or more but less than

one-third, (ii) one-third or more but less than a majority, or (iii) a majority of all voting power. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A "control share acquisition" means the acquisition of control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors, upon satisfaction of certain conditions (including an undertaking to pay expenses), to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by statute, then subject to certain conditions and limitations, the corporation may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value determined, without regard to voting rights, as of the date of the last control share acquisition or of any meeting of stockholders at which the voting rights of such shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of the appraisal rights may not be less than the highest price per share paid in the control share acquisition. Certain limitations and restrictions otherwise applicable to the exercise of dissenters' rights do not apply in the context of a control share acquisition.

The control share acquisition statute does not apply to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction, or to acquisitions approved or exempted by the Company's Articles of Incorporation.

The Company's Bylaws contain a provision exempting any and all acquisitions of the Company's shares of capital stock from the control shares provisions of the MGCL. There can be no assurance that this provision will not be amended or eliminated in the future.

AMENDMENT OF ARTICLES OF INCORPORATION

The Company's Articles of Incorporation, including its provisions on classification of the Board of Directors (discussed below), may be amended only by the affirmative vote of the holders of not less than two-thirds of all of the votes entitled to be cast on the matter.

MEETINGS OF STOCKHOLDERS

The Company's Bylaws provide for annual meetings of stockholders to be held on the third Wednesday in April or on any other day as may be established from time to time by the Board of Directors. Special meetings of stockholders may be called by (i) the Company's Chairman of the Board or the Company's President, (ii) a majority of the Board of Directors or (iii) stockholders holding at least 25% of the outstanding capital stock of the Company entitled to vote at the meeting.

The Company's Bylaws provide that any stockholder of record wishing to nominate a director or have a stockholder proposal considered at an annual meeting must provide written notice and certain supporting documentation to the Company relating to the nomination or proposal not less than 75 days nor more than 180 days prior to the anniversary date of the prior year's annual meeting or special meeting in lieu thereof (the "Anniversary Date"). In the event that the annual meeting is called for a date more than seven calendar days before the Anniversary Date, stockholders generally must provide written notice within 20 calendar days after the date on which notice of the meeting is mailed to stockholders or the date of the meeting is publicly disclosed.

The purpose of requiring stockholders to give the Company advance notice of nominations and other business is to afford the Board of Directors a meaningful opportunity to consider the qualifications of the proposed nominees or the advisability of the other proposed business and, to the extent deemed necessary or desirable by the Board of Directors, to inform stockholders and make recommendations about the qualifications or business, as well as to provide a more orderly procedure for conducting meetings of stockholders. Although the Company's Bylaws do not give the Board of Directors any power to disapprove stockholder nominations for the election of directors or proposals for action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if the proper procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal, without regard to whether consideration of the nominees or proposal might be harmful or beneficial to the Company and its stockholders.

CLASSIFICATION OF THE BOARD OF DIRECTORS

The Company's Bylaws provide that the number of directors of the Company may be established by the Board of Directors but may not be fewer than the minimum number required by Maryland law nor more than nine. Any vacancy will be filled, at any regular meeting or at any special meeting called for that purpose, by a majority of the remaining directors, except that a vacancy resulting from an increase in the number of directors will be filled by a majority of the entire Board of Directors. Pursuant to the terms of the Articles of Incorporation, the directors are divided into three classes. One class holds office for a term expiring at the annual meeting of stockholders to be held in 1997, and the other two classes hold office for terms expiring at the annual meetings of stockholders to be held in 1998 and 1999, respectively. As the term of each class expires, directors in that class will be elected for a term of three years and until their successors are duly elected and qualified. The Company believes that classification of the Board of Directors will help to assure the continuity and stability of the Company's business strategies and policies as determined by the Board of Directors.

The classified board provision could have the effect of making the removal of incumbent directors more time-consuming and difficult, which could discourage a third party from making a tender offer or otherwise attempting to obtain control of the Company, even though such an attempt might be beneficial to the Company and its stockholders. At least two annual meetings of stockholders, instead of one, will generally be required to effect a change in a majority of the Board of Directors. Thus, the classified board provision could increase the likelihood that incumbent directors will retain their positions. Holders of shares of Common Stock will have no right to cumulative voting for the election of directors. Consequently, at each annual meeting of stockholders, the holders of a majority of the shares of Common Stock will be able to elect all of the successors of the class of directors whose term expires at that meeting.

RESTRICTIONS ON TRANSFERS OF CAPITAL STOCK

For the Company to qualify as a REIT under the Code, among other things, not more than 50% in value of its outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year, and such capital stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter tax year. See "Certain Federal Income Tax Considerations." To ensure that the Company remains a qualified REIT, the Articles of Incorporation, subject to certain exceptions, provide that no holder may own, or be deemed to own by virtue of the attribution provisions of the Code, more than an aggregate of 9.9% in value of the Company's capital stock. Any transfer of capital stock or any security convertible into capital stock that would create a direct or indirect ownership of capital stock in excess of the ownership limit or that would result in the disqualification of the Company as a REIT, including any transfer that results in the capital stock being owned by fewer than 100 persons or results in the Company being "closely held" within the meaning of Section 856(h) of the Code, shall be null

and void, and the intended transferee will acquire no rights to the capital stock. Capital stock owned, or deemed to be owned, or transferred to a stockholder in excess of the ownership limit will automatically be exchanged for shares of Excess Stock that will be transferred, by operation of law, to the Company as trustee of a trust for the exclusive benefit of the transferees to whom such capital stock may be ultimately transferred without violating the ownership limit. While the Excess Stock is held in trust, it will not be entitled to vote, it will not be considered for purposes of any stockholder vote or the determination of a quorum for such vote, and it will not be entitled to participate in the accumulation or payment of dividends or other distributions. A transferee of Excess Stock may, at any time such Excess Stock is held by the Company in trust, designate as beneficiary of the transferee stockholder's interest in the trust representing the Excess Stock any individual whose ownership of the capital stock exchanged into such Excess Stock would be permitted under the ownership limit, and may transfer such interest to such beneficiary at a price not in excess of the price paid by the original transferee-stockholder for the capital stock that was exchanged into Excess Stock. Immediately upon the transfer to the permitted beneficiary, the Excess Stock will automatically be exchanged for capital stock of the class from which it was converted. In addition, the Company will have the right, for a period of 90 days during the time any Excess Stock is held by the Company in trust, and, with respect to Excess Stock resulting from the attempted transfer of Preferred Stock, at any time when any outstanding shares of Preferred Stock of such series are being redeemed, to purchase all or any portion of the Excess Stock from the original transferee-stockholder at the lesser of the price paid for the capital stock by the original transferee-stockholder and the market price (as determined in the manner set forth in the Articles of Incorporation) of the capital stock on the date the Company exercises its option to purchase or, in the case of a purchase of Excess Stock attributed to Preferred Stock which has been called for redemption, at its stated value, plus all accumulated and unpaid dividends to the date of redemption. The 90-day period begins on the date of the violative transfer if the original transferee-stockholder gives notice to the Company of the transfer or, if no such notice is given, the date the Board of Directors determines that a violative transfer has been made.

POLICIES WITH RESPECT TO CERTAIN ACTIVITIES OF THE OPERATING PARTNERSHIP

The following is a discussion of certain investment, financing, conflicts of interest and other policies of the Operating Partnership. These policies have been determined by the Board of Directors of the Company, which is the General Partner of the Operating Partnership, and generally may be amended or revised from time to time by the Board of Directors without a vote of stockholders.

INVESTMENT POLICIES

INVESTMENTS IN REAL ESTATE OR INTERESTS IN REAL ESTATE. The Operating Partnership's investment objectives are to increase cash flow and the value of its properties, to acquire established income-producing industrial properties with cash flow growth potential and, in limited circumstances, to develop build-to-suit properties or undertake redevelopment projects. Additionally, where prudent and possible, the Operating Partnership will seek to expand and upgrade both its existing properties and any newly acquired properties. The Operating Partnership's business will be focused solely on industrial properties. The Operating Partnership's policy is to acquire assets primarily for generation of current income and long-term value appreciation; however, where appropriate, the Operating Partnership may sell certain properties.

The Operating Partnership expects to pursue its investment objectives through the direct and indirect ownership of properties and the ownership of interests in other entities. The Operating Partnership currently expects that it will make further investments in the Company's current markets and will expand into other markets within the Company's operating region as investment opportunities the Operating Partnership considers attractive become available. The Operating Partnership believes that opportunities exist to acquire, on attractive terms, established properties which do not pose the risks of development.

The Operating Partnership also may participate with other entities in property ownership through joint ventures or other types of co-ownership. Equity investments may be subject to existing mortgage financing and other indebtedness, or such financing or indebtedness may be incurred in connection with acquiring investments. Any such financing or indebtedness will have priority over the Company's equity interest in such property.

INVESTMENTS IN REAL ESTATE MORTGAGES. While the Operating Partnership will emphasize equity real estate investments in industrial properties, it may, in its discretion, invest in mortgage loans and other interests related to industrial properties. The Operating Partnership does not presently intend to invest to a significant extent in mortgage loans, but may do so subject to the investment restrictions applicable to REITs. The mortgage loans in which the Operating Partnership may invest may be either first mortgage loans or junior mortgage loans, and may or may not be insured by a government agency.

SECURITIES OF OR INTERESTS IN PERSONS PRIMARILY ENGAGED IN REAL ESTATE ACTIVITIES AND OTHER ISSUERS. Subject to the ownership limitations and gross income tests necessary for REIT qualification, the Operating Partnership also may invest in securities of entities engaged in real estate activities or securities of other issuers, including for the purpose of exercising control over such entities. The Operating Partnership may acquire all or substantially all of the securities or assets of other REITs or similar entities where such investments would be consistent with the Operating Partnership's investment policies. In any event, the Operating Partnership does not intend that its investments in securities will require it to register as an "investment company" under the Investment Company Act of 1940, and the Operating Partnership would intend to divest securities before any such registration would be required.

FINANCING POLICIES

The Operating Partnership has no separate policy regarding the amount of debt it may incur, but rather is encompassed by the Company's policy in this regard. The Company currently has a policy of maintaining a ratio of debt to total market capitalization (I.E., total consolidated debt of the Company as a percentage of the aggregate market value of all outstanding shares of Common Stock, assuming the exchange of all Units for Common Stock, plus the aggregate stated value of all outstanding shares of preferred stock, plus total consolidated debt) which generally will not exceed 50% and a coverage ratio (computed as total revenues minus property expenses and general and administrative expenses divided by interest expense plus dividends on preferred stock) of at least 2.0:1. As of March 31, 1997, the Company's ratio of debt to total market capitalization was 32.8%, and for the year ended December 31, 1996, the Company's coverage ratio was 2.9:1. However, the organizational documents of the Company do not contain any limitation on the amount or percentage of indebtedness the Company may incur and the Company's Board of Directors has the power to alter the current policy. Accordingly, the Company could become more highly leveraged, resulting in an increase in debt service that could adversely affect the Company's ability to make expected distributions to stockholders and in an increased risk of default on its obligations. In addition, except as may be set forth in any Prospectus Supplement, the Debt Securities will not contain any provision that would afford holders of Debt Securities protection in the event of a highly leveraged transaction or change in control of the Operating Partnership or the Company.

To the extent that the Board of Directors determines to obtain additional debt financing, the Company intends to do so generally through mortgages on its properties and lines of credit, but also may do so through the issuance of debt securities. These mortgages may be recourse, non-recourse or cross-collateralized and may contain cross-default provisions. The Company does not have a policy limiting the number or amount of mortgages that may be placed on any particular property, but mortgage financing instruments usually limit additional indebtedness on such properties. Future credit facilities and lines of credit may be used for the purpose of making acquisitions or capital improvements or providing working capital to the Company or meeting the taxable income distribution requirements for REITs under the Code if the Company has taxable income without receipt of cash sufficient to enable the Company to meet such distribution requirements.

In the future, the Company may seek to extend, expand, reduce or renew its acquisition facility, or obtain new credit facilities or lines of credit or issue debt securities, subject to its general policy on debt capitalization.

POLICIES WITH RESPECT TO OTHER ACTIVITIES

The Operating Partnership may, but does not presently intend to, make investments other than as previously described. The Operating Partnership has authority to offer Units and other equity or debt securities in exchange for property and to repurchase or otherwise reacquire Units or any other securities and may engage in such activities in the future. The Operating Partnership also may make loans to joint ventures in which it participates. The Operating Partnership will not engage in trading, underwriting or the agency distribution or sale of securities of other issuers. At all times, the Operating Partnership intends to make investments in such a manner as to be consistent with the requirements of the Code for the Company to qualify as a REIT unless, because of circumstances or changes in the Code (or the regulations promulgated thereunder), the Company's Board of Directors determines that it is no longer in the best interests of the Company to continue to have the Company qualify as a REIT. The Company's policies with respect to such activities may be reviewed and modified from time to time by the Company's directors without notice to or the vote of the stockholders.

PROPERTIES OF THE OPERATING PARTNERSHIP AND THE OTHER REAL ESTATE PARTNERSHIPS

GENERAL

The Operating Partnership and the Other Real Estate Partnerships collectively owned, as of December 31, 1996, 379 in service properties (137 of which were owned by the Operating Partnership and 242 of which were owned by the Other Real Estate Partnerships) containing an aggregate of approximately 32.7 million square feet of GLA in 14 states (12.7 million square feet of which comprised the properties owned by the Operating Partnership and 20.0 million square feet of which comprised the properties owned by the Other Real Estate Partnerships) with a diverse base of 993 tenants (427 of which were tenants of the Operating Partnership and 566 of which were tenants of the Other Real Estate Partnerships) engaged in a wide variety of businesses, including manufacturing, retailing, wholesale trade, distribution and professional services. The properties are generally located in business parks which have convenient access to interstate highways and rail and air transportation. The median age of the properties is approximately 11 years. The Operating Partnership and the Other Real Estate Partnerships maintain insurance coverage on their respective properties which the Operating Partnership believes to be adequate.

The Operating Partnership and the Other Real Estate Partnerships classify their properties into two industrial categories: bulk warehouse and light industrial. The bulk warehouse properties are generally used for bulk storage of materials and manufactured goods and its light industrial properties are generally used for the design, assembly, packaging and distribution of goods and, in some cases, the provision of services.

The Operating Partnership and the Other Real Estate Partnerships compete with numerous commercial developers, real estate companies and other owners of real estate in seeking properties for acquisition and land for development. In addition, many of the properties owned by the Operating Partnership and the Other Real Estate Partnerships are located in areas that include other bulk warehouse and light industrial properties which compete for the same tenants as the Operating Partnership and the Other Real Estate Partnerships.

The following table summarizes certain information as of December 31, 1996 with respect to properties owned by the Operating Partnership. Information in the table excludes properties under development at December 31, 1996.

As of December 31, 1996, 22 properties owned by the Operating Partnership were subject to encumbrances securing indebtedness thereof and 223 properties owned by the Other Real Estate Partnerships, including 195 properties encumbered by the 1994 Mortgage Loan, were subject to encumbrances securing indebtedness thereof.

TENANT AND LEASE INFORMATION

As of December 31, 1996, the Operating Partnership and the Other Real Estate Partnerships had a diverse base of 993 tenants (427 of which were tenants of the Operating Partnership and 566 of which were tenants of the Other Real Estate Partnerships), engaged in a wide variety of businesses including

manufacturing, retailing, wholesale trade, distribution and professional services. Most leases have an initial term of between three and five years and provide for periodic rental increases that are either fixed or based on changes in the Consumer Price Index. Industrial tenants typically have net or semi-net leases and pay as additional rent their percentage of the property's operating costs, including the costs of common area maintenance, property taxes and insurance. As of December 31, 1996, approximately 96% and 97% of the GLA of the properties owned by the Operating Partnership and the Other Real Estate Partnerships, respectively, was leased, and no single tenant or group of related tenants accounted for more than 4.2% of the Operating Partnership's rent revenues or more than 3.3% of the Other Real Estate Partnerships' rent revenues, nor did any single tenant or group of related tenants occupy more than 5.8% of the total GLA of the Operating Partnership or more than 4.0% of the total GLA of the Other Real Estate Partnerships.

The following table shows scheduled lease expirations for all leases for the properties owned by the Operating Partnership as of December 31, 1996.

FEDERAL INCOME TAX CONSIDERATIONS

This section is a summary of the material federal income tax matters of general application pertaining to REITs under the Code. The discussion is based on current law and does not purport to deal with all aspects of federal income taxation that may be relevant to investors subject to special treatment under the federal income tax laws, such as tax-exempt investors, dealers in securities or foreign persons. The provisions of the Code pertaining to REITs are highly technical and complex and sometimes involve mixed questions of fact and law. In addition, this section does not discuss foreign, state or local taxation. In the opinion of Cahill Gordon & Reindel, the conclusions of law expressed in this summary are correct in all material respects. Prospective investors should consult their own tax advisors regarding the federal, state, local, foreign and other tax consequences specific to them of holding and disposing of the Securities.

TAXATION OF THE COMPANY

In the opinion of Cahill Gordon & Reindel, commencing with its taxable year ended December 31, 1994, the Company has been organized in conformity with the requirements for qualification as a REIT under the Code, the Company's method of operation has enabled it to meet the requirements for qualification as a REIT under the Code, and, provided that the Company continues to satisfy the various requirements applicable under the Code to REITs, as described herein, it will continue to so qualify. Cahill Gordon & Reindel's opinion is based on various assumptions and is conditioned upon certain representations as to factual matters made by the Company and, the Operating Partnership and the Other Real Estate Partnerships (such partnerships being hereinafter collectively referred to as the "Partnerships"). Moreover, such qualification and taxation as a REIT depend upon the Company's ability to meet, as a matter of fact, through actual annual operating results, distribution levels, diversity of stock ownership and various other qualification tests imposed under the Code discussed below, the results of which will not be reviewed by Cahill Gordon & Reindel. Accordingly, no assurance can be given that the actual results of the Company's operation for any one taxable year will satisfy such requirements.

To qualify as a REIT under the Code for a taxable year, the Company must meet certain organizational and operational requirements, which generally require it to be a passive investor in operating real estate and to avoid excessive concentration of ownership of its capital stock. Initially, its principal activities must be real estate related. Generally, at least 75% of the value of the total assets of the Company at the end of each calendar quarter must consist of real estate assets, cash or governmental securities. The Company may not own more than 10% of the outstanding voting securities of any corporation and the value of any one issuer's securities may not exceed 5% of the Company's gross assets; shares of qualified REITs, qualified temporary investments and shares of certain wholly owned subsidiary corporations are exempt from these prohibitions. The Company holds assets through certain wholly owned subsidiary corporations and holds Preferred Stock interests in certain corporations that provide property management services to third parties; in the opinion of Cahill Gordon & Reindel, based on certain factual representations, these holdings do not violate the prohibition on ownership of voting securities. Additionally, gross income from the sale or other disposition of stock and securities held for less than one year and of real property held for less than four years must constitute less than 30% of the gross income for each taxable year of a REIT. For each taxable year, at least 75% of a REIT's gross income must be derived from specified real estate sources and 95% must be derived from such real estate sources plus certain other permitted sources. Real estate income for purposes of these requirements includes gain from the sale of real property not held primarily for sale to customers in the ordinary course of business, dividends on REIT shares, interest on loans secured by mortgages on real property, certain rents from real property and income from foreclosure property. For rents to qualify, they may not be based on the income or profits of any person, except that they may be based on a percentage or percentages of gross income or receipts and, subject to certain limited exceptions, the REIT may not manage the property or furnish services to tenants except through an independent contractor which is paid an arm's-length fee and from which the REIT derives no income. Substantially all of the Company's assets are held through the Partnerships. In general, in the case of a REIT that is a partner in a partnership, applicable regulations treat the REIT as holding

directly its proportionate share of the assets of the partnership and as being entitled to the income of the partnership attributable to such share.

The Company must satisfy certain ownership restrictions that limit (i) concentration of ownership of the Company's capital stock by a few individuals and (ii) ownership by the Company of its tenants. The outstanding capital stock of the Company must be held by at least 100 stockholders. No more than 50% in value of the outstanding capital stock, including in some circumstances capital stock into which outstanding securities might be converted, may be owned actually or constructively by five or fewer individuals or certain other entities at any time during the last half of the Company's taxable year. Accordingly, the Articles of Incorporation contain certain restrictions regarding the transfer of Common Stock, Preferred Stock and any other outstanding securities convertible into Common Stock when necessary to maintain the Company's qualification as a REIT under the Code. However, because the Code imposes broad attribution rules in determining constructive ownership, no assurance can be given that the restrictions contained in the Articles of Incorporation will be effective in maintaining the Company's REIT status. See "Restrictions on Transfers of Capital Stock."

So long as the Company qualifies for taxation as a REIT and distributes at least 95% of its REIT taxable income (computed without regard to net capital gain or the dividends paid deduction) for its taxable year to its stockholders annually, the Company itself will not be subject to federal income tax on that portion of such income distributed to stockholders. The Company will be taxed at regular corporate rates on all income not distributed to stockholders. The Company's policy is to distribute at least 95% of its taxable income. REITs also may incur taxes for certain other activities or to the extent distributions do not satisfy certain other requirements.

Failure of the Company to qualify during any taxable year as a REIT could, unless certain relief provisions were available, have a material adverse effect upon its stockholders. If disqualified for taxation as a REIT for a taxable year, the Company also would be disqualified for taxation as a REIT for the next four taxable years, unless the failure were considered to be due to reasonable cause and not willful neglect. The Company would be subject to federal income tax at corporate rates on all of its taxable income and would not be able to deduct the dividends paid, which could result in a discontinuation of or substantial reduction in dividends to stockholders. Dividends also would be subject to the regular tax rules applicable to dividends received by stockholders of corporations. Should the failure to qualify as a REIT be determined to have occurred retroactively in an earlier tax year of the Company, the imposition of a substantial federal income tax liability on the Company attributable to any nonqualifying tax years may adversely affect the Company's ability to pay dividends. In the event that the Company fails to meet certain income tests applicable to REITs, it may, generally, nonetheless retain its qualification as a REIT if it pays a 100% tax on the amount by which it failed to meet the relevant income test so long as such failure was considered to be due to reasonable cause and not willful neglect. Any such taxes would adversely affect the Company's ability to pay dividends and distributions.

PLAN OF DISTRIBUTION

The Company and the Operating Partnership may sell Securities through underwriters or dealers, directly to one or more purchasers, through agents or through a combination of any such methods of sale. Any underwriter or agent involved in the offer and sale of the Securities will be named in the applicable Prospectus Supplement.

The distribution of the Securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, or at negotiated prices.

In connection with the sale of Securities, underwriters or agents may receive compensation from the Company, from the Operating Partnership or from purchasers of Securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell Securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or

commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of Securities may be deemed to be underwriters under the Securities Act, and any discounts or commissions they receive from the Company or the Operating Partnership and any profit on the resale of Securities they realize may be deemed to be underwriting discounts and commissions under the Securities Act. Any such underwriter or

agent will be identified, and any such compensation received from the Company or the Operating Partnership will be described, in the applicable Prospectus Supplement.

Unless otherwise specified in the applicable Prospectus Supplement, each series of Securities will be a new issue with no established trading market, other than the Common Stock, which is listed on the NYSE. Any shares of Common Stock sold pursuant to a Prospectus Supplement will be listed on the NYSE, subject to official notice of issuance. The Company or the Operating Partnership may elect to list any series of Debt Securities, Preferred Stock or Depositary Shares on an exchange, but neither is obligated to do so. It is possible that one or more underwriters may make a market in a series of Securities, but will not be obligated to do so and may discontinue any market making at any time without notice. Therefore, no assurance can be given as to the liquidity of the trading market for the Securities.

Under agreements into which the Company or the Operating Partnership may enter, underwriters, dealers and agents who participate in the distribution of Securities may be entitled to indemnification by the Company or the Operating Partnership against certain liabilities, including liabilities under the Securities Act.

Underwriters, dealers and agents may engage in transactions with, or perform services for, or be tenants of, the Company or the Operating Partnership in the ordinary course of business.

If so indicated in the applicable Prospectus Supplement, the Company or the Operating Partnership will authorize underwriters or other persons acting as the Company's or the Operating Partnership's agents to solicit offers by certain institutions to purchase Securities from the Company or the Operating Partnership pursuant to contracts providing for payment and delivery on a future date. Institutions with which such contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases such institutions must be approved by the Company or the Operating Partnership, as the case may be. The obligations of any purchaser under any such contract will be subject to the condition that the purchase of the Securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

In order to comply with the securities laws of certain states, if applicable, the Securities offered hereby will be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states Securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of Securities offered hereby may not engage in market making activities with respect to the Securities for a period of two business days prior to the commencement of such distribution.

LEGAL MATTERS

Certain legal matters, including the legality of the Securities covered by this Prospectus and certain tax matters, will be passed upon for the Company by Cahill Gordon & Reindel (a partnership including a professional corporation), New York, New York, and for any underwriters, dealers or agents by Rogers & Wells, New York, New York. Cahill Gordon & Reindel and Rogers & Wells will rely as to all matters of Maryland law on the opinion of McGuire, Woods, Battle & Boothe, L.L.P., Baltimore, Maryland.

To the Partners of First Industrial, L.P.

We have audited the financial statements and the financial statement schedule of First Industrial, L.P. (the "Operating Partnership") and the combined financial statements of the Contributing Businesses as listed on page F-1 of this Prospectus. These financial statements and the financial statement schedule are the responsibility of the Operating Partnership's and the Contributing Businesses' (as defined in Note 2 hereof) management. Our responsibility is to express an opinion on these financial statements and the financial statement schedule based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Operating Partnership as of December 31, 1996 and 1995, and the results of its operations and its cash flows for the years ended December 31, 1996 and 1995 and for the period July 1, 1994 through December 31, 1994 and of the Contributing Businesses for the period January 1, 1994 to June 30, 1994, in conformity with generally accepted accounting principles. In addition, in our opinion, the financial statement schedule referred to above, when considered in relation to the basic financial statements taken as a whole, presents fairly, in all material respects, the information required to be included therein.

1. ORGANIZATION AND FORMATION

First Industrial, L.P. (the "Operating Partnership") was organized as a limited partnership in the state of Delaware on November 23, 1993. The sole general partner is First Industrial Realty Trust, Inc. (the "Company") with an approximate 92.4% ownership interest at December 31, 1996. The limited partners owned approximately a 7.6% aggregate ownership interest at December 31, 1996. The Company is a real estate investment trust (REIT) as defined in the Internal Revenue Code. The Company's operations are conducted primarily through the Operating Partnership. As of December 31, 1996, the Operating Partnership directly owned 137 in-service properties, containing an aggregate of approximately 12.7 million square feet (unaudited) of gross leasable area ("GLA"), as well as a 99% limited partnership interest (subject in one case as described below to a preferred limited partnership interest) in First Industrial Financing Partnership, L.P. (the "Financing Partnership"), First Industrial Securities, L.P. (the "Securities Partnership"), First Industrial Mortgage Partnership, L.P. (the "Mortgage Partnership"), First Industrial Pennsylvania Partnership, L.P. (the "Pennsylvania Partnership"), First Industrial Harrisburg, L.P. (the "Harrisburg Partnership"), First Industrial Indianapolis, L.P. (the "Indianapolis Partnership") and First Industrial Development Services Group, L.P. (together, the "Other Real Estate Partnerships"). On a combined basis, as of December 31, 1996, the Other Real Estate Partnerships owned 242 in-service properties containing an aggregate of approximately 20.0 million square feet (unaudited) of GLA. Of the 242 properties owned by the Other Real Estate Partnerships, 195 were owned by the Financing Partnership, 19 were owned by the Securities Partnership, 23 were owned by the Mortgage Partnership, one was owned by the Pennsylvania Partnership, three were owned by the Harrisburg Partnership and one was owned by the Indianapolis Partnership.

The general partners of the Other Real Estate Partnerships are separate corporations, each with a one percent general partnership interest. Each general partner of the Other Real Estate Partnerships is a wholly owned subsidiary of the Company. The general partner of the Securities Partnership, First Industrial Securities Corporation, also owns a preferred limited partnership interest which entitles it to receive a fixed quarterly distribution, and results in it being allocated income in the same amount, equal to the fixed quarterly dividend the Company pays on its 9.5% Series A Preferred Stock.

Profits, losses and distributions of the Operating Partnership are allocated to the general partner and the limited partners in accordance with the provisions contained within its restated and amended partnership agreement.

On June 30, 1994, the Company completed its initial public offering of 15,175,000 shares of \$.01 par value common stock (the "Initial Offering") and, in July 1994, issued an additional 1,400,000 shares pursuant to an over-allotment option. The proceeds per share in the Initial Offering and the over-allotment option was \$23.50, resulting in gross offering proceeds of approximately \$389,512. Net of underwriters' discount and total offering expenses, the Company received approximately \$355,217 in proceeds from the Initial Offering and the over-allotment option. The net proceeds received from the Initial Offering and subsequent equity offerings (See Note 6) are reflected in the Operating Partnership's financial statements as contributions. On June 30, 1994, the Company (through the Financing Partnership) borrowed \$300,000 (the "1994 Mortgage Loan") from an institutional lender. The net proceeds from the Initial Offering and the 1994 Mortgage Loan were used primarily to acquire properties, repay indebtedness and pay certain fees and expenses. The Company and the Operating Partnership began operations on July 1, 1994.

2. BASIS OF PRESENTATION

The accompanying financial statements as of December 31, 1996 and 1995 and for the years ended December 31, 1996 and 1995 and for the six month period ended December 31, 1994 present the ownership and operating results of the properties owned directly by the Operating Partnership. Such financial statements present the Operating Partnership's limited partnership interests in each of the Other Real Estate Partnerships under the equity method of accounting.

The combined statements of operations, changes in partners' capital and net deficit and cash flows for the six months ended June 30, 1994 reflect the operations, equity and deficit and cash flows of the properties and business contributed by The Shidler Group and the properties and business contributed by three other contributing businesses (together, the "Contributing Businesses") at or prior to the consummation of the Initial Offering.

Purchase accounting has been applied when ownership interests in properties were acquired for cash. The historical cost basis of properties has been carried over when the Contributing Businesses ownership interests were exchanged for units in the Operating Partnership (the "Units") and purchase accounting has been used for all other properties that were acquired for Units.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

In order to conform with generally accepted accounting principles, management, in preparation of the Operating Partnership's financial statements, is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of December 31, 1996 and 1995, and the reported amounts of revenues and expenses for the years ended December 31, 1996 and 1995 and the six months ended December 31, 1994 and June 30, 1994. Actual results could differ from those estimates.

REVENUE RECOGNITION:

Rental income is recognized on a straight-line method under which contractual rent increases are recognized evenly over the lease term. Tenant recovery income includes payments from tenants for taxes, insurance and other property operating expenses and is recognized as revenues in the same period the related expenses are incurred by the Operating Partnership.

The Operating Partnership provides an allowance for doubtful accounts against the portion of tenant accounts receivable which is estimated to be uncollectible. Accounts receivable in the consolidated balance sheets are shown net of an allowance for doubtful accounts of \$221 and \$186 as of December 31, 1996 and December 31, 1995, respectively.

INVESTMENT IN REAL ESTATE AND DEPRECIATION:

Effective January 1, 1995, the Operating Partnership adopted Financial Accounting Standards Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of." Real estate assets are carried at the lower of depreciated cost or fair value as determined by the Operating Partnership. The Operating Partnership reviews its properties on a quarterly basis for impairment and provides a provision if impairments are determined. First, to determine if impairment may exist, the Operating Partnership reviews its properties and identifies those which have had either an event

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

of change or event of circumstances warranting further assessment of recoverability. Then, the Operating Partnership estimates the fair value of those properties on an individual basis by capitalizing the expected net operating income and discounting the expected cash flows of the properties. Such amounts are then compared to the property's depreciated cost to determine whether an impairment exists.

Interest expense, real estate taxes and other directly related expenses incurred during construction periods are capitalized and depreciated commencing with the date placed in service, on the same basis as the related assets. Depreciation expense is computed using the straight-line method based on the following useful lives:

	YEARS
Buildings and Improvements.....	31.5 to 40
Land Improvements.....	15
Furniture, Fixtures and Equipment.....	5 to 10

Construction expenditures for tenant improvements and leasing commissions are capitalized and amortized over the terms of each specific lease. Maintenance and repairs are charged to expense when incurred. Expenditures for improvements are capitalized.

When assets are sold or retired, their costs and related accumulated depreciation are removed from the accounts with the resulting gains or losses reflected in net income or loss.

INVESTMENT IN OTHER REAL ESTATE PARTNERSHIPS:

Investment in Other Real Estate Partnerships represents the Operating Partnership's limited partnership interests in the Other Real Estate Partnerships. The Operating Partnership accounts for its Investment in Other Real Estate Partnerships under the equity method of accounting. Under the equity method of accounting, the Operating Partnership's share of earnings or losses of the Other Real Estate Partnerships is reflected in income as earned and contributions or distributions increase or decrease, respectively, the Operating Partnership's Investment in Other Real Estate Partnerships as paid or received, respectively.

CASH AND CASH EQUIVALENTS:

Cash and Cash Equivalents include all cash and liquid investments with an initial maturity of three months or less. The carrying amount approximates fair value due to the short maturity of these investments.

INCOME TAXES:

In accordance with partnership taxation, each of the partners are responsible for reporting their shares of taxable income or loss.

The Operating Partnership is subject to certain state and local income, excise and franchise taxes. The provision for such state and local taxes has been reflected in general and administrative expense in the statement of operations and has not been separately stated due to its insignificance.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)
FAIR VALUE OF FINANCIAL INSTRUMENTS:

The Operating Partnership's financial instruments include short-term investments, tenant accounts receivable, accounts payable, other accrued expenses, construction loans payable, acquisition facilities payable and promissory notes payable. The fair values of these financial instruments were not materially different from their carrying or contract values. The Operating Partnership's financial instruments also include mortgage loans for which the fair value was not materially different from its carrying value. The determination of the fair value of the mortgage loans was made using available market information and appropriate valuation techniques. The Operating Partnership's financial instruments also include interest rate protection agreements as described in the next paragraph.

DERIVATIVE FINANCIAL INSTRUMENTS:

The Operating Partnership's interest rate protection agreements (together, the "Agreements") are used to hedge the interest rate on the 1994 Mortgage Loan. As such, receipts or payments resulting from the Agreements are recognized as adjustments to equity in income of Other Real Estate Partnerships (specifically, the Financing Partnership). The credit risks associated with the Agreements are controlled through the evaluation and monitoring of the creditworthiness of the counterparty. In the event that the counterparty fails to meet the terms of the Agreements, the Operating Partnership's exposure is limited to the current value of the interest rate differential, not the notional amount, and the Operating Partnership's carrying balance of the Agreements on the balance sheet. The Agreements have been executed with a creditworthy financial institution. As such, the Operating Partnership considers the risk of nonperformance to be remote. In the event that the Operating Partnership terminates the Agreements, the Operating Partnership would recognize a gain (loss) from the disposition of the Agreements equal to the amount of cash received or paid at termination less the carrying balance of the Agreements on the Operating Partnership's balance sheet.

At December 31, 1996, the fair market value of the Agreements was approximately \$3.8 million, which was greater than the \$1.7 million net book value by approximately \$2.1 million. The fair market value was determined by a third party evaluation and is based on estimated discounted future cash flows.

DEFERRED FINANCING COSTS:

Deferred financing costs include fees and costs incurred to obtain long-term financing. These fees and costs are being amortized over the terms of the respective loans. Accumulated amortization of deferred financing costs was \$32 and \$957 at December 31, 1996 and 1995, respectively. Unamortized deferred financing fees are written-off when debt is retired before the maturity date (see Note 12).

4. INVESTMENT IN OTHER REAL ESTATE PARTNERSHIPS

The Investment in Other Real Estate Partnerships reflects the Operating Partnership's 99% limited partnership equity interest in the entities described in Note 1 to these financial statements.

Summarized financial information as derived from the audited financial statements of the Other Real Estate Partnerships is shown below.

The Operating Partnership could borrow under the facility to finance the acquisition of additional properties and for other purposes, including to obtain additional working capital. The Company had guaranteed repayment of the 1994 Acquisition Facility. Borrowings under the 1994 Acquisition Facility bore interest at a floating rate equal to LIBOR plus 2.0% or a "Corporate Base Rate" plus .5%, at the Operating Partnership's election. Effective July 12, 1996, the lenders reduced the interest rate to LIBOR plus 1.75%. Under the 1994 Acquisition Facility, LIBOR contracts were entered into by the Operating Partnership as draws were made. Borrowings under the 1994 Acquisition Facility at December 31, 1995 were \$36,941. Interest payable related to the 1994 Acquisition Facility was \$488 at December 31, 1995. Under the Plan, 138,500 unit awards were granted, providing the recipients with deferred income benefits which vest over three years in quarterly installments. The expense related to these deferred income benefits is included in general and administrative expenses in the statements of operations. In the first quarter of 1997, approximately \$141 was paid to the recipients under the Plan.

12. EXTRAORDINARY ITEMS

Upon consummation of the Initial Offering, certain Contributing Businesses' loans were paid off and the related unamortized deferred financing fees totaling \$1,449 were written off. The write-off is shown as an extraordinary loss in the combined statement of operations of the Contributing Businesses for the six months ended June 30, 1994.

In 1996, the Operating Partnership terminated the 1994 Acquisition Facility, the 1995 Acquisition Facility, the 1996 Acquisition Facility, the Construction Loans and the 1996 Credit Line before their contractual maturity date. The resulting write-off of unamortized deferred financing costs and prepayment fee incurred to retire the above mentioned loans is shown as an extraordinary loss in the statement of operations for the year ended December 31, 1996.

13. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Operating Partnership is involved in legal actions arising from the ownership of its properties. In management's opinion, the liabilities, if any, that may ultimately result from such legal actions are not expected to have a materially adverse effect on the financial position, operations or liquidity of the Operating Partnership.

Nine properties have leases granting the tenants options to purchase the property. Such options are exercisable at various times and at appraised fair market value or at a fixed purchase price generally in excess of the Operating Partnership's purchase price. The Operating Partnership has not received notice for the exercise of any tenant purchase options.

The Operating Partnership has committed to the construction of two light industrial and five bulk warehouse properties totaling approximately 1.0 million square feet (unaudited). The estimated total construction costs are approximately \$27.4 million (unaudited). The Operating Partnership is not acting as the general contractor for these construction projects.

The Operating Partnership is the guarantor of the 1994 Mortgage Loan.

14. SUBSEQUENT EVENTS (UNAUDITED)

On January 9, 1997, the Operating Partnership purchased a 482,400 square foot bulk warehouse located in Indianapolis, Indiana for approximately \$7.1 million.

On January 31, 1997, the Operating Partnership purchased 10 bulk warehouses and 29 light industrial properties located in Long Island, New York and northern New Jersey totaling 2,733,414 square feet for approximately \$138.8 million.

On February 20, 1997, the Operating Partnership purchased a 58,746 square foot light industrial property in Dayton, Ohio. The purchase price for the property was approximately \$1.5 million.

On March 4, 1997, the Operating Partnership declared a distribution of \$.505 per unit payable on April 21, 1997 to unitholders of record on March 31, 1997.

On March 21, 1997, the Operating Partnership purchased a 179,400 square foot bulk warehouse in Taylor, Michigan for approximately \$5.1 million.

On March 28, 1997, the Operating Partnership purchased a 84,956 square foot light industrial property in Buffalo Grove, Illinois for approximately \$4.1 million.

14. SUBSEQUENT EVENTS (UNAUDITED) (CONTINUED)

On March 31, 1997, the Operating Partnership purchased a 112,082 square foot light industrial property in New Brighton, Minnesota for approximately \$3.2 million.

On March 31, 1997, the Operating Partnership purchased a 79,675 square foot light industrial property in Brooklyn Park, Minnesota for approximately \$4.4 million.

On April 3, 1997, the Operating Partnership purchased a 49,190 square foot light industrial property in Eden Prairie, Minnesota for approximately \$2.1 million.

On April 4, 1997, the Operating Partnership purchased a 243,000 square foot bulk warehouse property in Columbus, Ohio for approximately \$5.4 million.

On April 4, 1997, the Operating Partnership borrowed \$309.8 million from an institutional lender (the "Defeasance Loan"). The Defeasance Loan is unsecured, bears interest at LIBOR plus 1% and matures July 1, 1999, unless extended by the Operating Partnership, subject to certain conditions, for an additional two-year period, thereby maturing July 1, 2001. The gross proceeds from the Defeasance Loan were contributed to the Financing Partnership, which used the gross proceeds to defease (as defined by the terms of the 1994 Mortgage Loan agreement) the 1994 Mortgage Loan.

15. PRO FORMA FINANCIAL INFORMATION (UNAUDITED)

The following Pro Forma Condensed Statements of Operations for the years ended December 31, 1996 and 1995 are presented as if the acquisition of 128 properties between January 1, 1995 and December 31, 1996 and the February 1996 Equity Offering and the October 1996 Equity Offering had occurred at January 1, 1995, and therefore include pro forma information. The pro forma information is based upon historical information and does not purport to present what actual results would have been had such transactions, in fact, occurred at January 1, 1995, or to project results for any future period.

FIRST INDUSTRIAL, L.P.
NOTES TO UNAUDITED PRO FORMA FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

The accompanying unaudited pro forma balance sheet and pro forma statement of operations for First Industrial, L.P. (the "Operating Partnership") reflect the historical financial position of the Operating Partnership as of December 31, 1996, the historical operations for the year ended December 31, 1996, the acquisition of 111 properties between January 1, 1996 and December 31, 1996 (the "Aggregate 1996 Acquisition Properties") and the acquisition of 39 properties on January 31, 1997 (the "Lazarus Burman Properties"). The accompanying unaudited pro forma balance sheet and pro forma statement of operations exclude the other properties acquired between December 31, 1996 and April 29, 1997 due to their aggregate insignificance. The accompanying unaudited pro forma financial statements have been prepared based upon certain pro forma adjustments to the historical December 31, 1996 financial statements of the Operating Partnership. The unaudited pro forma balance sheet as of December 31, 1996 and the unaudited pro forma statement of operations for the year ended December 31, 1996 have been prepared as if the Aggregate 1996 Acquisition Properties and the Lazarus Burman Properties had been acquired on January 1, 1996 or the lease commencement date if the property was developed during 1996 and as if the 5,175,000 Operating Partnership units (the "Units") issued on February 2, 1996 (the "February 1996 Capital Contribution") and the 5,750,00 Units issued on October 25, 1996 (the "October 1996 Capital Contribution") had been issued on January 1, 1996.

(the "Assumed Indebtedness") and also entered into a new mortgage loan in the amount of \$36.8 million (the "CIGNA Loan"). The interest expense adjustment reflects interest on the Assumed Loans and the CIGNA Loan as if such indebtedness was outstanding beginning January 1, 1996. The interest expense adjustment also reflects an increase in the acquisition facility borrowings at LIBOR plus 2% for borrowings under the Operating Partnership's \$150 million secured revolving credit facility or LIBOR plus 1.1% for borrowings under the Operating Partnership's \$200 million unsecured revolving credit facility (the "1996 Unsecured Acquisition Facility") for the assumed earlier purchase of certain properties which are included in the Aggregate 1996 Acquisition Properties, offset by a reduction in interest expense related to the assumed earlier repayment of \$59.4 million and \$84.2 million of acquisition facility borrowings on January 1, 1996 from the proceeds of the February 1996 Capital Contribution and the October 1996 Capital Contribution, respectively.

The depreciation and other amortization adjustment reflects the incremental depreciation and other amortization expense for the Aggregate 1996 Acquisition Properties from January 1, 1996 through their respective acquisition date.

(d) The historical operations reflect the operations of the Lazarus Burman Properties for the year ended December 31, 1996.

(e) In connection with the purchase of the Lazarus Burman Properties, the Operating Partnership assumed two mortgage loans totaling \$4.5 million (the "Lazarus Burman Mortgage Loans"). The interest expense adjustment reflects interest on the Lazarus Burman Mortgage Loans as if such indebtedness was outstanding beginning January 1, 1996. The interest expense adjustment also reflects an increase in the acquisition facility borrowings at LIBOR plus 1.1% for borrowings under the Operating Partnership's 1996 Unsecured Acquisition Facility for the assumed earlier purchase of the Lazarus Burman Properties.

The depreciation and other amortization adjustment reflects the incremental depreciation and other amortization expense for the Lazarus Burman Properties from January 1, 1996 through December 31, 1996.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the historical Financial Statements and Notes thereto appearing elsewhere in this Prospectus.

RESULTS OF OPERATIONS

COMPARISON OF YEAR ENDED DECEMBER 31, 1996 TO YEAR ENDED DECEMBER 31, 1995

At December 31, 1996, the Operating Partnership owned 137 in-service properties containing approximately 12.7 million square feet of GLA, compared to 30 in-service properties with approximately 3.5 million square feet of GLA at December 31, 1995. During 1996, the Operating Partnership acquired 111 properties containing approximately 9.4 million square feet of GLA, completed development of two properties totaling .2 million square feet of GLA and sold six properties totaling .4 million square feet of GLA.

Revenues increased in 1996 over 1995 by \$10.1 million or 37.0% due primarily to the properties acquired after December 31, 1994. Revenues from properties owned prior to January 1, 1995 increased in 1996 over 1995 by \$.5 million or 7.4% due primarily to a lease termination fee, an increase in rental rates and an increase in tenant recovery income.

Property expenses, which include real estate taxes, repairs and maintenance, property management, utilities, insurance and other expenses, increased in 1996 over 1995 by \$2.5 million or 32.9% due primarily to properties acquired after December 31, 1994. For properties owned prior to January 1, 1995, property expenses remained unchanged.

General and administrative expense increased in 1996 over 1995 by \$.2 million due primarily to the additional expenses associated with managing the Operating Partnership's growing operations (including additional professional fees relating to additional properties owned and personnel to manage and expand the Operating Partnership's business).

Interest expense decreased from \$6.6 million in 1995 to \$4.7 million in 1996. The average outstanding debt balance was approximately \$24.2 million lower in 1996 due to capital contributions from the general partner of the Operating Partnership that were used to pay down debt.

Depreciation and amortization increased in 1996 over 1995 by \$1.2 million due primarily to the additional depreciation and amortization related to the properties acquired after December 31, 1994.

The \$4.3 million gain on sales of properties in 1996 resulted from the sale of three properties located in Huntsville, Alabama, one property located in Detroit, Michigan, one property located in Grand Rapids, Michigan and one property located in Atlanta, Georgia. Gross proceeds for these property sales totaled approximately \$15.0 million.

Equity in income of Other Real Estate Partnerships increased in 1996 over 1995 by \$12.3 million or 156.7% due primarily to four of the Other Real Estate Partnerships having a full year of operations in 1996 compared to a partial year of operations in 1995 as well as one of the Other Real Estate Partnerships incurring a loss from the disposition of an interest rate protection agreement in 1995.

The \$2.3 million extraordinary loss in 1996 represents the write-off of unamortized deferred financing costs and a prepayment fee for loans that were paid off in full and retired in 1996.

COMPARISON OF YEAR ENDED DECEMBER 31, 1995 TO YEAR ENDED DECEMBER 31, 1994

The results of operations for the year ended December 31, 1994 include the operations of the Contributing Businesses from January 1, 1994 through June 30, 1994 and the operations of the Operating Partnership from July 1, 1994 through December 31, 1994.

At December 31, 1995, the Operating Partnership owned 30 in-service properties containing approximately 3.5 million square feet of GLA, compared to 50 in-service properties with approximately 4.9 million square feet of GLA at December 31, 1994. During 1995, the Operating Partnership acquired 17 properties containing approximately 2.0 million square feet of GLA. The Operating Partnership also completed the development of three properties totaling approximately .3 million square feet of GLA. In addition, the Operating Partnership also contributed 40 properties with approximately 3.7 million square feet of GLA to the Other Real Estate Partnerships.

Revenues decreased in 1995 over 1994 by \$5.0 million or 15.4% due primarily to the Contributing Businesses' properties that were contributed to the Other Real Estate Partnerships, the operating results of which are accounted for by the Operating Partnership under the equity method of accounting. Revenues from properties owned prior to January 1, 1994 remained unchanged.

Property expenses, which include real estate taxes, repairs and maintenance, property management, utilities, insurance and other expenses, decreased in 1995 over 1994 by \$.7 million or 8.3% due primarily to the Contributing Businesses' properties that were contributed to the Other Real Estate Partnerships. For properties owned prior to January 1, 1994, property expenses remained unchanged.

General and administrative expense increased in 1995 over 1994 by \$2.0 million due primarily to the additional expenses of the Company associated with being a public company and to the additional expenses associated with managing the Operating Partnership's growing operations (including additional professional fees relating to additional properties owned and personnel to manage and expand the Operating Partnership's and the Other Real Estate Partnership's business).

Interest expense decreased from \$12.6 million in 1994 to \$6.6 million in 1995. The decrease results primarily from lower average debt levels in 1995.

Depreciation and amortization decreased in 1995 over 1994 by \$2.4 million due primarily to the Contributing Businesses' properties that were contributed to the Other Real Estate Partnerships of the Operating Partnership which are accounted for under the equity method of accounting.

Equity in income of Other Real Estate Partnerships increased in 1995 over 1994 by \$1.1 million or 15.9% due primarily to one of the Other Real Estate Partnerships having a full year of operations in 1995 compared to a partial year of operations in 1994 which was partially offset by a loss from the disposition of an interest rate protection agreement in 1995.

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 1996, the Operating Partnership's unrestricted cash and cash equivalents totaled \$4.3 million.

Net cash provided by operating activities was \$18.9 million for the year ended December 31, 1996 compared to \$4.2 million for the year ended December 31, 1995 and \$(5.3) million for the year ended December 31, 1994. The increases are primarily due to the factors discussed in "Results of Operations" above.

Net cash used in investing activities was \$202.7 million for the year ended December 31, 1996 compared to \$40.9 million and \$436.1 million for the years ended December 31, 1995 and December 31, 1994, respectively. The majority of the cash used in investing activities was for acquisition of additional properties.

Net cash provided by financing activities for the year ended December 31, 1996 increased to \$181.6 million from \$43.2 million for the year ended December 31, 1995, reflecting capital contributions from the general partner and proceeds from the CIGNA Loan, offset in part by increased distributions, repayment of the Construction Loans, and a net pay down on the Operating Partnership's acquisition facilities. Net cash provided by financing activities for the year ended December 31, 1995 was \$43.2 million, compared to \$440.4 million for the year ended December 31, 1994, reflecting primarily debt and equity transactions relating to the Company's Initial Offering in June 1994 and an increase in indebtedness due to the properties acquired subsequent to the Initial Offering.

The ratio of earnings to fixed charges was 6.96 for the year ended December 31, 1996 compared to 2.56 for the year ended December 31, 1995 and 1.65 for the year ended December 31, 1994. The increases are primarily due to increased income from continuing operations resulting from additional properties acquired by the Operating Partnership and increased equity in income of the Other Real Estate Partnerships, as discussed in "Results of Operations" above.

In 1996, the Operating Partnership acquired 111 industrial properties comprising approximately 9.4 million square feet of GLA for a total purchase price of approximately \$237 million, completed the development of two build-to-suit properties comprising approximately .2 million square feet of GLA at a cost of approximately \$9.0 million and sold six properties comprising approximately .4 million square feet of GLA for \$15 million. The acquisitions and developments were financed in part by proceeds from capital contributions from the general partner of the Operating Partnership, borrowings under the Operating Partnership's acquisition facilities and by new mortgage debt.

The Operating Partnership has committed to the construction of two light industrial and five bulk warehouse properties totaling approximately 1.0 million square feet. The estimated total construction costs are approximately \$27.4 million. These developments are expected to be funded with cash flow from operations as well as borrowings under the 1996 Unsecured Acquisition Facility.

In 1996, the Operating Partnership paid a quarterly distribution of \$.4875 per unit related to each of the first, second and third quarters. In addition, the Operating Partnership paid a fourth quarter 1996 distribution of \$.505 per unit on January 20, 1997. The total distributions paid to the Operating Partnership's partners related to 1996 totaled \$54.3 million.

On February 2, 1996, the Company completed an offering of 5.175 million shares (inclusive of the underwriters' over-allotment option) of common stock at a purchase price of \$22 per share. The net proceeds of \$106.3 million were contributed to the Operating Partnership and used to repay outstanding borrowings totaling \$59.4 million and to fund acquisitions closed subsequently in the first quarter of 1996.

On October 25, 1996, the Company completed an offering of 5.75 million shares (inclusive of the underwriters' over-allotment option) of common stock at a purchase price of \$25.50 per share. The net proceeds of \$137.7 million were contributed to the Operating Partnership and used to repay outstanding borrowings totaling \$84.2 million and to fund acquisitions closed in the fourth quarter of 1996.

On March 20, 1996, the Operating Partnership entered into a \$36.7 million mortgage loan (the "CIGNA Loan") that is collateralized by seven properties in Indianapolis, Indiana and three properties in Cincinnati, Ohio. The CIGNA Loan bears interest at a fixed interest rate of 7.5% and provides for monthly principal and interest payments based on a 25-year amortization schedule. The CIGNA Loan will mature on April 1, 2003. The CIGNA Loan may be prepaid only after April 30, 1999, in exchange for the greater of a 1% premium or a yield maintenance premium.

On March 20, 1996, the Operating Partnership assumed an approximately \$6.4 million mortgage loan and an approximately \$3.0 million mortgage loan (together, the "Assumed Loans") that are collateralized by 13 properties in Indianapolis, Indiana and one property in Indianapolis, Indiana, respectively. The Assumed Loans bear interest at a fixed rate of 9.25% and provide for monthly principal and interest payments based on a 16.75-year amortization schedule. The Assumed Loans will mature on January 1,

2013. The Assumed Loans may be prepaid only after December 22, 1999, in exchange for the greater of a 1% premium or a yield maintenance premium.

In 1997, the Operating Partnership obtained investment grade ratings on its senior unsecured debt from Moody's Investors Service, Standard & Poor's, Duff & Phelps Credit Rating Co. and Fitch Investors Service, Inc.

In December 1996, the Operating Partnership terminated its \$150 million 1994 Acquisition Facility and entered into a \$200 million 1996 Unsecured Acquisition Facility. Borrowings under the 1996 Unsecured Acquisition Facility will be used to finance the acquisitions and development of additional properties and for other purposes, including to obtain working capital. It is the Operating Partnership's intent to, from time to time, replace borrowings under the 1996 Unsecured Acquisition Facility with long term sources of capital as the Operating Partnership deems appropriate.

The Operating Partnership has considered its short-term (one year or less) liquidity needs and the adequacy of its estimated cash flow from operations and other expected liquidity sources to meet these needs. The Operating Partnership believes that its principal short-term liquidity needs are to fund normal recurring expenses, debt service requirements and the minimum distribution required by the Company to maintain the Company's REIT qualification under the Internal Revenue Code. The Operating Partnership anticipates that these needs will be met with cash flows provided by operating activities.

The Operating Partnership expects to meet long-term (greater than one year) liquidity requirements such as property acquisitions, scheduled debt maturities, major renovations, expansions and other non-recurring capital improvements through long-term unsecured indebtedness and capital contributions from the general partner of the Operating Partnership. The Operating Partnership may finance the acquisition or development of additional properties through borrowings under the 1996 Unsecured Acquisition Facility. At December 31, 1996, borrowings under the 1996 Unsecured Acquisition Facility bore interest at a weighted average interest rate of 8.25%. The borrowings under the 1996 Unsecured Acquisition Facility were converted to an interest rate of 6.6% on January 7, 1997. As of March 20, 1997, the Operating Partnership had \$68.1 million available in additional borrowings under the 1996 Unsecured Acquisition Facility. While the Operating Partnership may sell properties if property or market conditions make it desirable, the Operating Partnership does not expect to sell assets in the foreseeable future to satisfy its liquidity requirements.

In April 1997, the Operating Partnership incurred the \$309.8 million Defeasance Loan, the proceeds of which were contributed to the Financing Partnership and used by it to defease (as defined by the terms of the 1994 Mortgage Loan agreement) the 1994 Mortgage Loan.

INFLATION

For the last several years, inflation has not had a significant impact on the Operating Partnership because of the relatively low inflation rates in the Operating Partnership's markets of operation. Most of the Operating Partnership's leases require the tenants to pay their share of operating expenses, including common area maintenance, real estate taxes and insurance, thereby reducing the Operating Partnership's exposure to increases in costs and operating expenses resulting from inflation. In addition, many of the outstanding leases expire within five years which may enable the Operating Partnership to replace existing leases with new leases at higher base rentals if rents of existing leases are below the then-existing market rate.

1. ORGANIZATION AND FORMATION

First Industrial, L.P. (the "Operating Partnership") was organized as a limited partnership in the state of Delaware on November 23, 1993. The sole general partner is First Industrial Realty Trust, Inc. (the "Company") with an approximate 92.4% ownership interest at December 31, 1996. The limited partners owned approximately a 7.6% aggregate ownership interest at December 31, 1996. The Company is a real estate investment trust (REIT) as defined in the Internal Revenue Code. The Company's operations are conducted primarily through the Operating Partnership. As of December 31, 1996, the Operating Partnership directly owned 137 in-service properties, containing an aggregate of approximately 12.7 million square feet (unaudited) of gross leasable area ("GLA"), as well as a 99% limited partnership interest (subject in one case as described below to a preferred limited partnership interest) in First Industrial Financing Partnership, L.P. (the "Financing Partnership"), First Industrial Securities, L.P. (the "Securities Partnership"), First Industrial Mortgage Partnership, L.P. (the "Mortgage Partnership"), First Industrial Pennsylvania Partnership, L.P. (the "Pennsylvania Partnership"), First Industrial Harrisburg, L.P. (the "Harrisburg Partnership"), First Industrial Indianapolis, L.P. (the "Indianapolis Partnership") and First Industrial Development Services Group, L.P. (together, the "Other Real Estate Partnerships"). On a combined basis, as of December 31, 1996, the Other Real Estate Partnerships owned 242 in-service properties containing an aggregate of approximately 20.0 million square feet (unaudited) of GLA. Of the 242 properties owned by the Other Real Estate Partnerships, 195 were owned by the Financing Partnership, 19 were owned by the Securities Partnership, 23 were owned by the Mortgage Partnership, one was owned by the Pennsylvania Partnership, three were owned by the Harrisburg Partnership and one was owned by the Indianapolis Partnership.

The general partners of the Other Real Estate Partnerships are separate corporations, each with a one percent general partnership interest. Each general partner of the Other Real Estate Partnerships is a wholly-owned subsidiary of the Company. The general partner of the Securities Partnership, First Industrial Securities Corporation, also owns a preferred limited partnership interest which entitles it to receive a fixed quarterly distribution, and results in it being allocated income in the same amount, equal to the fixed quarterly dividend the Company pays on its 9.5% Series A Preferred Stock.

Profits, losses and distributions of the Other Real Estate Partnerships are allocated to the general partners and the limited partner in accordance with the provisions contained within the partnership agreement of each of the Other Real Estate Partnerships.

2. BASIS OF PRESENTATION

The Combined Balance Sheets as of December 31, 1996 and 1995 and the Combined Statements of Operations, Changes in Partners Capital and Cash Flows for the years ended December 31, 1996 and 1995 and for the six months ended December 31, 1994 reflect the operations, capital, and cash flows of the Other Real Estate Partnerships on a combined basis.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

In order to conform with generally accepted accounting principles, management, in preparation of the Other Real Estate Partnerships' financial statements, is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of December 31, 1996 and 1995, and the reported amounts of revenues and expenses for the years ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

December 31, 1996 and 1995 and the six months ended December 31, 1994. Actual results could differ from those estimates.

REVENUE RECOGNITION:

Rental income is recognized on a straight-line method under which contractual rent increases are recognized evenly over the lease term. Tenant recovery income includes payments from tenants for taxes, insurance and other property operating expenses and is recognized as revenues in the same period the related expenses are incurred by the Other Real Estate Partnerships.

The Other Real Estate Partnerships provide an allowance for doubtful accounts against the portion of tenant accounts receivable which is estimated to be uncollectible. Accounts receivable in the combined balance sheets are shown net of an allowance for doubtful accounts of \$379 and \$314 as of December 31, 1996 and December 31, 1995, respectively.

INVESTMENT IN REAL ESTATE AND DEPRECIATION:

Effective January 1, 1995, the Other Real Estate Partnerships adopted Financial Accounting Standards Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of." Real estate assets are carried at the lower of depreciated cost or fair value as determined by the Other Real Estate Partnerships. The Other Real Estate Partnerships review their properties on a quarterly basis for impairment and provide a provision if impairments are determined. First, to determine if impairment may exist, the Other Real Estate Partnerships review their properties and identify those which have had either an event of change or event of circumstances warranting further assessment of recoverability. Then, the Other Real Estate Partnerships estimate the fair value of those properties on an individual basis by capitalizing the expected net operating income and discounting the expected cash flows of the properties. Such amounts are then compared to the property's depreciated cost to determine whether an impairment exists.

Interest expense, real estate taxes and other directly related expenses incurred during construction periods are capitalized and depreciated commencing with the date placed in service, on the same basis as the related assets. Depreciation expense is computed using the straight-line method based on the following useful lives:

	YEARS
Buildings and Improvements.....	31.5 to 40
Land Improvements.....	15
Furniture, Fixtures and Equipment.....	5 to 10

Construction expenditures for tenant improvements and leasing commissions are capitalized and amortized over the terms of each specific lease. Maintenance and repairs are charged to expense when incurred. Expenditures for improvements are capitalized.

When assets are sold or retired, their costs and related accumulated depreciation are removed from the accounts with the resulting gains or losses reflected in net income or loss.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CASH AND CASH EQUIVALENTS:

Cash and Cash Equivalents include all cash and liquid investments with an initial maturity of three months or less. The carrying amount approximates fair value due to the short maturity of these investments.

INCOME TAXES:

In accordance with partnership taxation, each of the partners are responsible for reporting their shares of taxable income or loss. Accordingly, no provision has been made in the accompanying combined financial statements for federal, state or local income taxes.

FAIR VALUE OF FINANCIAL INSTRUMENTS:

The Other Real Estate Partnerships' financial instruments include short-term investments, tenant accounts receivable, accounts payable, other accrued expenses and mortgage loans payable. The fair values of these financial instruments were not materially different from their carrying or contract values. The Other Real Estate Partnerships' financial instruments also include interest rate protection agreements (see Note 4).

DERIVATIVE FINANCIAL INSTRUMENTS:

The Other Real Estate Partnerships' interest rate protection agreements (the "Agreements") are used to limit the interest rate on the 1994 Mortgage Loan (hereinafter defined) to 7.2%. As such, receipts resulting from the Agreements are recognized as adjustments to interest expense. The credit risks associated with the Agreements are controlled through the evaluation and monitoring of the creditworthiness of the counterparty. In the event that the counterparty fails to meet the terms of the Agreements, the Financing Partnership's exposure is limited to the current value of the interest rate differential, not the notional amount, and the Financing Partnership's carrying value of the Agreements on the balance sheet. The Agreements have been executed with a creditworthy financial institution. As such, the Other Real Estate Partnerships consider the risk of nonperformance to be remote. In the event that the Financing Partnership terminates the Agreements, the Financing Partnership would recognize a gain (loss) from the disposition of the Agreements equal to the amount of cash received or paid at termination less the carrying value of the Agreements on the Financing Partnership's balance sheet.

DEFERRED FINANCING COSTS:

Deferred financing costs include fees and costs incurred to obtain long-term financing. These fees and costs are being amortized over the terms of the respective loans. Accumulated amortization of deferred financing costs was \$4,517 and \$2,636 at December 31, 1996 and 1995, respectively.

4. MORTGAGE LOANS

On June 30, 1994, the Financing Partnership borrowed \$300,000 under a mortgage loan (the "1994 Mortgage Loan"). The 1994 Mortgage Loan is cross-collateralized by, among other things, first mortgage liens on the 195 properties owned by the Financing Partnership. The 1994 Mortgage Loan will mature on June 30, 1999, unless extended by the Financing Partnership, subject to certain conditions, for an

additional two-year period, thereby maturing on June 30, 2001. The Operating Partnership has guaranteed certain obligations of the Financing Partnership under the 1994 Mortgage Loan. The 1994 Mortgage Loan provides for interest only payments which have been effectively limited to 7.2% through June 30, 1999 by certain interest rate protection agreements. Interest payable related to the 1994 Mortgage Loan was \$1,750 and \$1,905 at December 31, 1996 and 1995, respectively. Payments to the Financing Partnership under the interest rate protection agreements during 1996, 1995 and 1994 totaled \$0, \$584 and \$51, respectively, which have been included as a component of interest expense.

In conjunction with obtaining the 1994 Mortgage Loan, the Financing Partnership purchased an interest rate protection agreement which effectively limited the interest rate during the initial five-year term of the 1994 Mortgage Loan to 7.2% per annum. Prior to the subsequent replacement of this interest rate protection agreement, its cost of \$18,450 had been capitalized and was being amortized over the five-year term of the agreement.

Effective July 1, 1995, the Financing Partnership replaced such interest rate protection agreement with new interest rate protection agreements with a notional value of \$300,000, which effectively limit the annual interest rate on the 1994 Mortgage Loan to 7.2% through June 30, 1999. As a result of the replacement of the interest rate protection agreement, the Financing Partnership incurred a one-time loss of \$6,410, of which \$6,288 represents the difference between the unamortized cost of the replaced interest rate protection agreement and the cost of the new agreements. The costs of the new interest rate protection agreements have been capitalized and are being amortized over the respective terms of the agreements. Under the terms of the new interest rate protection agreements, certain collateral may be required to be set aside for amounts that could become due under the agreements. Accumulated amortization on the interest rate protection agreements was \$1,819 and \$607 as of December 31, 1996 and 1995, respectively.

At December 31, 1996, the fair market value of the interest rate protection agreements was approximately \$3,900. The fair market value was determined by a third party evaluation and is based on estimated discounted future cash flows.

Under the terms of the 1994 Mortgage Loan, certain cash reserves are required to be and have been set aside for payment of tenant improvements, capital expenditures, interest, real estate taxes, insurance and potential environmental costs. The amount of cash reserves for payment of potential environmental costs was determined by the lender and was established at the closing of the 1994 Mortgage Loan. The amounts included in the cash reserves relating to payments of tenant improvements, capital expenditures, interest, real estate taxes and insurance were determined by the lender and approximate the next periodic payment of such items. At December 31, 1996 and 1995, these reserves totaled \$10,223 and \$8,787, respectively, and are included in Restricted Cash. Such cash reserves were invested in a money market fund at December 31, 1996. The maturity of these investments is one day; accordingly, cost approximates fair market value.

On December 29, 1995, the Mortgage Partnership borrowed \$40,200 under a mortgage loan (the "1995 Mortgage Loan"). In the first quarter of 1996, the Mortgage Partnership made a one time paydown of \$200 on the 1995 Mortgage Loan decreasing the outstanding balance to \$40,000. The 1995 Mortgage Loan matures on January 11, 2026 and provides for interest only payments through January 11, 1998, after which monthly principal and interest payments are required based on a 28-year amortization schedule. The

interest rate under the 1995 Mortgage Loan is fixed at 7.22% per annum through January 11, 2003. After January 11, 2003, the interest rate adjusts through a predetermined formula based on the applicable Treasury rate. Interest payable related to the 1995 Mortgage Loan was \$168 and \$24 at December 31, 1996 and 1995, respectively. The 1995 Mortgage Loan is collateralized by 23 properties held by the Mortgage Partnership.

Under the terms of the 1995 Mortgage Loan, certain cash reserves are required to be and have been set aside for payments of security deposits, capital expenditures, interest, real estate taxes and insurance. The amount of cash reserves segregated for security deposits is adjusted as tenants turn over. The amounts included in the cash reserves relating to payments of capital expenditures, interest, real estate taxes and insurance were determined by the lender and approximate the next periodic payment of such items. At December 31, 1996 and 1995, these reserves totaled \$1,614 and \$388, respectively, and are included in Restricted Cash. Such cash reserves were invested in a money market fund at December 31, 1996. The maturity of these investments is one day; accordingly, cost approximates fair market value.

On December 14, 1995, the Harrisburg Partnership entered into a \$6,650 mortgage loan (the "Harrisburg Mortgage Loan") that is collateralized by three properties in Harrisburg, Pennsylvania. The Harrisburg Mortgage Loan bears interest at a rate based on LIBOR plus 1.5% or prime plus 2.25%, at the Company's option, and provides for interest only payments through May 31, 1996, with monthly principal and interest payments required subsequently based on a 26.5-year amortization schedule. At December 31, 1996, the interest rate was 6.875%. The Harrisburg Mortgage Loan will mature on December 15, 2000. The outstanding mortgage loan balance at December 31, 1996 and 1995 was approximately \$6,504 and \$6,650, respectively. Interest payable related to the Harrisburg Mortgage Loan was \$39 and \$0 at December 31, 1996 and 1995, respectively.

The following is a schedule of mortgage principal payments and maturities of the mortgage loans for the next five years ending December 31, and thereafter:

	AMOUNT

1997	\$ 251
1998	686
1999	300,760
2000	6,298
2001	566
Thereafter	37,943

Total	\$ 346,504

The 1994 Mortgage Loan matures in 1999 but may be extended at the Financing Partnership's option, subject to certain conditions, for an additional two years, thereby maturing on June 30, 2001.

7. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Other Real Estate Partnerships are involved in legal actions arising from the ownership of its properties. In management's opinion, the liabilities, if any, that may ultimately result from such legal actions are not expected to have a materially adverse effect on the combined financial position, operations or liquidity of the Other Real Estate Partnerships.

Sixteen properties have leases granting the tenants options to purchase the property. Such options are exercisable at various times and at appraised fair market value or at a fixed purchase price generally in excess of the Other Real Estate Partnerships' purchase price. The Other Real Estate Partnerships have not received notice for the exercise of any tenant purchase options.

8. SUBSEQUENT EVENTS (UNAUDITED)

On March 17, 1997, the Pennsylvania Partnership purchased a 312,500 square foot bulk warehouse in York, Pennsylvania for approximately \$8.4 million.

On March 24, 1997, the Pennsylvania Partnership purchased a 162,500 square foot light industrial warehouse in Mechanicsburg, Pennsylvania for approximately \$3.4 million.

On April 4, 1997, the Operating Partnership borrowed \$309.8 million from an institutional lender (the "Defeasance Loan"). The Defeasance Loan is unsecured, bears interest at LIBOR plus 1% and matures July 1, 1999, unless extended by the Operating Partnership, subject to certain conditions, for an additional two-year period, thereby maturing July 1, 2001. The gross proceeds from the Defeasance Loan were contributed to the Financing Partnership which used the gross proceeds to defease (as defined by the terms of the 1994 Mortgage Loan agreement) the 1994 Mortgage Loan.

The Articles of Incorporation and Bylaws obligate the Company to indemnify its directors and officers, and permit the Company to indemnify its employees and other agents, against certain liabilities incurred in connection with their service in such capacities. These provisions could reduce the legal remedies available to the Company and its stockholders against these individuals. The provisions of Maryland law provide for the indemnification of officers and directors of a company under certain circumstances.

ITEM 17. UNDERTAKINGS.

(a) The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) under the Securities Act of 1933 if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

PROVIDED, HOWEVER, that paragraphs (a)(1)(i) and (a)(1)(ii) herein do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the undersigned registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement;

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial BONA FIDE offering thereof; and
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (b) The registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of the annual report of either of the registrants pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the provisions described under Item 15 above, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director, officer, or controlling person of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- (d) The undersigned registrants hereby undertake to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, each Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Amendment to the Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Chicago, State of Illinois, on April 29, 1997.

Dear Ladies and Gentlemen:

We have acted as tax counsel to First Industrial Realty Trust, Inc. (the "Company") in connection with the Form S-3 Registration Statements filed by the Company with the Securities and Exchange Commission on February 14, 1997, as amended through the date hereof and including the documents incorporated by reference therein (the "Registration Statements").¹ We have been asked to provide our opinion on certain federal income tax matters arising under the Internal Revenue Code of 1986, as amended (the "Code"), relating to the Company's qualification for taxation as a real estate investment trust (a "REIT") under the Code.

- - - - -

* Capitalized terms used in this letter that are not otherwise defined herein have the meanings ascribed to them in the Registration Statements.

The opinions set forth in this letter are based on relevant provisions of the Code, Treasury Regulations thereunder (including proposed and temporary regulations) and interpretations of the foregoing as expressed in court decisions and administrative determinations as of the date hereof. These provisions and interpretations are subject to changes that might result in modifications of our opinions.

For purposes of rendering the opinions contained in this letter, we have reviewed (i) the Registration Statements; (ii) the Articles of Incorporation of each of the Company, First Industrial Finance Corporation (the "Financing Partnership Subsidiary"), First Industrial Management Corporation (the "Mortgage Loan Properties Management Company"), First Industrial Third-Party Management Corporation ("First Industrial Management"), First Industrial Enterprises of Michigan, Inc. ("Damone/Andrew"), First Industrial Pennsylvania Corporation ("First Industrial Pennsylvania"), First Industrial Harrisburg Corporation ("First Industrial Harrisburg"), First Industrial Securities Corporation ("First Industrial Securities"), First Industrial Mortgage Corporation ("First Industrial Mortgage"), FR Acquisitions, Inc. ("FR Acquisitions"), First Industrial Indianapolis Corporation ("First Industrial Indianapolis") and FI Development Services Corporation ("First Industrial Development"); (iii) the partnership agreement of each of First Industrial, L.P. (the "Operating Partnership"), First Industrial Financing Partnership, L.P. (the "Financing Partnership"), First Industrial Pennsylvania, L.P. (the "Pennsylvania Partnership"), First Industrial Harrisburg, L.P. (the "Harrisburg Partnership"), First Industrial Securities, L.P. (the "Securities Partnership"), First Industrial Mortgage Partnership, L.P. (the "Mortgage Partnership"), First Industrial Indianapolis, L.P. (the "Indianapolis Partnership"), First Industrial Development Services Group, L.P. (the "Development Partnership") and FI Development Services Group, L.P. (the "FI Development Partnership"); and (iv) such other documents, law and facts as we have deemed necessary to render the opinions set forth in this letter. In our review, we have assumed the genuineness of all signatures; the proper execution of all documents; the authenticity of all documents submitted to us as originals; the conformity to originals of all documents submitted to us as copies; and the authenticity of the originals of any copies.

In addition, for purposes of rendering the opinions set forth herein, we have assumed that (i) each of the Company, the Financing Partnership Subsidiary, the Mortgage Loan Properties Management Company, First Industrial Management, First Industrial Pennsylvania, First Industrial Harrisburg, First

Industrial Securities, First Industrial Mortgage, FR Acquisitions, First Industrial Indianapolis and First Industrial Development is a validly organized and duly incorporated corporation under the laws of the State of Maryland; (ii) Damone/Andrew is a validly organized and duly incorporated corporation under the laws of the State of Michigan; and (iii) each of the Operating Partnership, the Financing Partnership, the Pennsylvania Partnership, the Harrisburg Partnership, the Securities Partnership, the Mortgage Partnership, the Indianapolis Partnership, the Development Partnership and the FI Development Partnership is a duly organized and validly existing limited partnership subject to the Delaware Revised Uniform Limited Partnership Act.

These opinions also are premised on certain written representations made by (i) the Company, both in its capacity as a corporate entity and as general partner of the Operating Partnership; (ii) the Financing Partnership Subsidiary in its capacity as general partner of the Financing Partnership; (iii) First Industrial Pennsylvania in its capacity as general partner of the Pennsylvania Partnership; (iv) First Industrial Harrisburg in its capacity as general partner of the Harrisburg Partnership; (v) First Industrial Securities in its capacity as general partner of the Securities Partnership; (vi) First Industrial Mortgage in its capacity as general partner of the Mortgage Partnership; (vii) First Industrial Indianapolis in its capacity as general partner of the Indianapolis Partnership; and (viii) First Industrial Development in its capacity as general partner of the Development Partnership and the FI Development Partnership, in certificates dated February 14, 1997, and confirmed to be true, correct and complete in a further certificate dated the date hereof (the "Certificates"). For purposes of our opinions, we have not made an independent investigation of the representations contained in the Certificates, and consequently we have relied on the representations therein that the information contained in the Certificates or otherwise furnished to us accurately describes all material facts relevant to our opinions.

Based upon and subject to the foregoing:

(i) We are of the opinion that, commencing with the Company's taxable year ended on December 31, 1994, the Company has been organized in conformity with the requirements for qualification as a REIT under the Code, the Company's method of operation, as described in the Registration Statements and as set forth in the Certificates, has enabled it to meet the requirements for qualification as a REIT under the Code and, pro-

vided that the Company continues to satisfy the applicable asset composition, source of income, shareholder diversification, distribution, recordkeeping and other requirements of the Code necessary to qualify as a REIT, it will continue to so qualify; and

(ii) We hereby confirm the legal conclusions stated as opinions in the Registration Statements under the heading "Federal Income Tax Considerations".

We express no opinion with respect to the matters described herein or in the Registration Statements other than those expressly set forth herein. Our opinions are not binding on the Internal Revenue Service (the "IRS") and the IRS may disagree with the opinions contained herein. Although we believe that our opinions would be sustained if challenged, there can be no assurance that this will be the case. The opinions expressed herein are based upon the law as it currently exists. Consequently, future changes in the law may cause the federal income tax treatment of the matters referred to herein to be materially and adversely different from that described above. In addition, any variation in the facts from those set forth in the Registration Statements, the representations contained in the Certificates or otherwise provided to us may affect the conclusions stated herein. Moreover, the Company's qualification and taxation as a REIT depend upon the Company's ability to meet, through actual annual operating results, distribution levels, diversity of stock ownership and various other qualification tests imposed under the Code, none of which will be reviewed by us. Accordingly, no assurance can be given that the actual results of the Company's operations for any taxable year will satisfy the requirements for the Company to maintain its qualification as a REIT.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statements and to the reference to our firm therein as counsel to the Company. Our consent to such reference does not constitute a consent under Section 7 of the Securities Act of 1933, as amended, as in consenting to such reference we have not certified any part of the Registration Statements and do not otherwise come within the categories of persons whose consent is required under such Section 7 or under the rules and regulations of the Securities and Exchange Commission thereunder.

Very truly yours,

/s/ Cahill Gordon & Reindel
